About the College & Department

Kommareddy Venkata Sadasiva Rao Siddhartha College of Pharmaceutical Sciences (KVSR SCOPS) is a first private self-financed institution in Andhra Pradesh which was established in 1994 at Vijayawada, sponsored by Siddhartha Academy of General and Technical Education (SAGTE). Affiliated to Krishna University offering 4-year under graduate (B.Pharm), 2year Post graduate (M.Pharm), 6 year Pharm D & 3year Pharm D (PB) programs. The college is approved by the All-India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI). The college is located the middle of the city and has an excellent academic atmosphere, culture and discipline with the best infrastructural facilities.

Department of Pharmaceutics and Biotechnology is organizing one-week Faculty Development Program on **Regulatory Requirements for Immediate and Controlled Released Dosage Forms** from 15th February to 20th February 2021..

Program Objectives

- To understand about the various regulatory requirements regarding Immediate and Controlled Released Dosage Forms.
- To know the about various requirements for registration of immediate release dosage forms
- To know the about various requirements for registration of controlled release dosage forms
- To know about CTD and e-CTD's.

INTRODUCTION

The Post graduate program in Pharmaceutics is approved in the academic year 2007-08 and the Department officially framed during 2017-18. As a part of the research orientation to the faculty and PG students, the Department of Pharmaceutics organized one week online faculty development program on Regulatory Requirements for Immediate and Controlled Released Dosage Forms from 15th February to 20th February 2021. The program emphasizes on role and importance of regulatory affairs in industry. The FDP is aimed for the faculty members, Research scholars and post graduate students to direct their research and development towards particulate drug delivery systems for better optimization of drug delivery.

OBJECTIVES

- To understand about the various regulatory requirements regarding Immediate and Controlled Released Dosage Forms.
- To know the about various requirements for registration of immediate release dosage forms
- To know the about various requirements for registration of controlled release dosage forms
- . To know about CTD and e-CTD's.

PROGRAM DETAILS

FDP is the main ingredient traits to enhance professional education and competence. Enriching the faculty vitality in key domains of teaching, assessing, research, professionalism and administration is perceived to improve educational environment significantly and enhances the academic performance of learners. Department of Pharmaceutics is organizing One Week online Faculty Development Program on Regulatory Requirements for Immediate and Controlled Released Dosage Forms from 15th February to 20th February 2021.

In this event 30 participants who actively participated from Andhra Pharmacy colleges. FDP intends to provide self reliance assistance to facilitate up gradation of knowledge, skill and intends to provide opportunities for induction training to teachers, research scholars and post graduate students in Pharmaceutics

The first day started with the inauguration session, and prayer, and then after Dr. Buchi N Nalluri, welcomed all the participants and the speakers.

The key note address was given by **Dr. G. Devala Rao**, Principal and HoD and he welcomed the speaker to the program and insisted all the participants to learn as much as they can from this FDP and convey the message to their students- the future pharmacists.

Day 1: 15-2-2021

Time: 10:30 AM to 1.00 PM

Speaker: Dr.T. P. Rao

Topic: Role of Optimization in Drug Regulatory Affairs

The session started at 10:30 am with a brief introduction of speaker by Dr.Buchi N nalluri.. **Dr. TP Rao** explained about various techniques, methods and applications of optimization in formulation development. He emphasized on importance and need of optimization in regulatory requirements with illustrative examples. The whole session was very interesting because of clear, simple and effective explanation.

Day 2 : 16.2.2021

Speaker : Dr. D, Varun

Time :10:00Am to 1.00 PM

Topic : Regulatory Perspectives involved in Manufacture and Export of Niosomes

On the second day, **Dr. D. Varun** explained about the niosomes and its applications. He highlighted about various question that would be needed to answer various regulatory departments. Also, Sir covered about latest techniques with examples and citations and suggested to do get acquainted

with current trends in niosomal drug delivery and its regulatory requirements . He also expressed his gratitude of thankfulness towards our HoD and college for selecting this topic.

Day 3: 17-2-2022

Speaker: Dr. Ramesh Babu Janga

Time: 10:00 AM to 1.00 PM

Topic: Drug Regulatory Affairs: Indian Industry Perspective

Speaker gave introduction about the various guidelines required for registration of pharmaceuticals under various regulatory bodies. He described in detail about various changes and modifications that have occurred in filling CTD and e CTD. The whole session was very interesting with explanation of lot of case studies.

Day 4: 18.2.2021

Speaker : Dr. G. Ramana

Time : 10:00 AM to 1.00 PM

Topic : Bioavailability studies and its Role in Drug Regulatory Affairs

Speaker explained about the Basic concept's bioavailability studies. Sir reminded about role of bioavailability studies and its importance in drug regulatory requirements. He also emphasized on various topics to be covered while filling for drug approval process.

Day 5: 19.2.2021

Speaker : Dr. KNV, Chenchu Lakshmi

Topic Role of ICH Q8 Guidelines in Product development

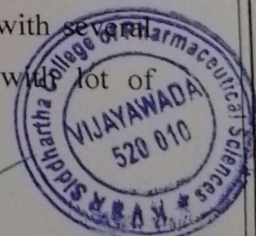

Time: 10:30 AM to 1.00 PM

Dr. KNV, Chenchu Lakshmi discussed the importance and need of ICH Q8 guidelines for Indian pharmaceutical industry. Madam enlightened regarding need of QbD and, benefits of using QbD in formulation and also in the manufacture processing of new drugs with several illustrative examples and case studies. Overall session was very interesting with lot of questionnaire from participants.

Day 6: 20.2.2021

Speaker: Dr. S. Ramachandran

Topic: Role of Drug Regulatory Affairs in Controlled Drug Delivery Systems

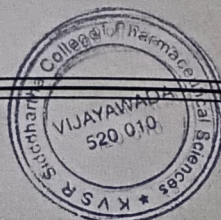

[Handwritten Signature]
PRINCIPAL
K.V.S.R. SIDDHARTHA COLLEGE OF
PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010.

Dr. S. Ramachandran discussed the importance and various regulatory requirements required for registration of controlled drug delivery systems. The various questions to be answered for filing of controlled drug delivery systems was explained with case studies and illustrative examples.

Valedictory

Dr. G. Devala Rao, congratulated all the participants and presented overall summary of the program. **Dr. G. Ramanaiah** appreciated the team work done by department of pharmaceutics and biotechnology. All the speakers congratulated entire team for nice organization and successful conduction of the event. Finally participants were invited to give their feedback and they appreciated the efforts of KVSRSOCPS. To conclude, **Dr. A. Bharathi**, Assoc. Professor proposed the vote of thanks and e-FDP was concluded with National Anthem.

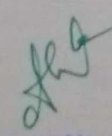

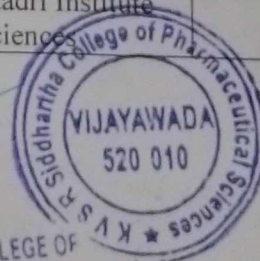

A handwritten signature in green ink, likely of the Principal, located above the printed name.

BODIES OF WATER

- Water like properties.
- Protect and preserve fragile biological molecules.
- Maintain conformational integrity as well as high degree of surface exposure in targeting of bio-active molecules.

Dr. TP. Rao
Role of Optimization in Drug Regulatory Affairs

Dr. D. Varun
Regulatory Perspectives involved in Manufacture and Export of Niosomes

1) Interaction between charged group:

- Most of the Biological product are charged due to intrinsic chemical group or absorbed ion from the biological environment.
- Interaction of charged group such as amino, carbonyl, sulphate, phosphate groups facilitate the long range approach of self assembling sub units.
- Charged groups also play role in stabilizing tertiary structure of folded proteins.
- Example of ion pairs -carboxylated /phosphate group bound to ionized arginine / lysine side chain of protein.

Purpose of Bioavailability Studies

- Bioavailability studies are performed for both approved active drug ingredients and therapeutic molecules not yet approved for marketing by the FDA.
- New formulations of active drug ingredients must be approved by the FDA before marketing.
- In approving a drug product for marketing, the FDA ensures that the drug product is safe and effective for its labeled indications for use.
- Moreover, the drug product must meet all applicable standards of identity, strength, quality, and purity.
- To ensure that these standards are met, the FDA requires bioavailability/pharmacokinetic studies and, where necessary, bioequivalence studies for all drug products.

Dr. Kumar V S Nemmani
Drug Regulatory Affairs: Indian Industry Perspective

Dr. G. Ramana
Bioavailability studies and its Role in Drug Regulatory Affairs

Components of the Drug Product

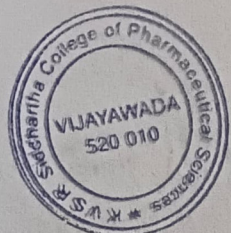

- Drug Substance
 - The physicochemical and biological properties of the drug substance should be identified and discussed.
 - Examples of physicochemical and biological properties that
 - solubility,
 - water content,
 - particle size,
 - Crystal properties,
 - biological activity, and permeability
 - Compatibility of the drug substance with excipients

Invitation

The Management, Principal and Staff of
**Kommareddy Venkata Sadasivarao
Siddhartha College of Pharmaceutical Sciences,**
Vijayawada - 10

(Sponsored by: Siddhartha Academy of General and Technical Education)

Cordially invite you to attend

Oneweek International Faculty Development program on

“Recent Advances in Clinical Toxicology and Pharmacology”

Organized by
Department of Pharmacology

from: 08-11-2020 to 13-11-2020

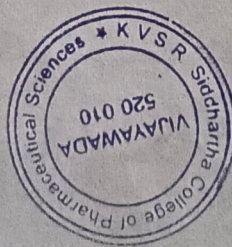

Venue: Seminar Hall

Chief Guest

Dr. G. Vijaya Kumar

PRINCIPAL

K.V.S.R. SIDDHARTHA COLLEGE OF

FACULTY DEVELOPMENT PROGRAM REPORT (AY:2020-2021)

Name of the Event: Faculty Development Program

Title: Recent Advances in Clinical Toxicology and Pharmacology

Date: 08.11.2020 to 13.11.2020

Resource persons:

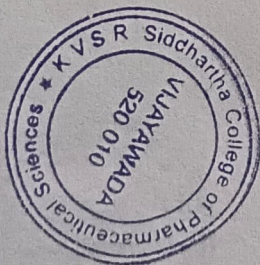

1. **Dr.G.Vijaya Kumar**, Professor, KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada.
2. **Dr.P.Ravindra Babu**, Associate Professor, School of Pharmacy & Technology Management, NMIMS University (Deemed to be).
3. **Dr Ch.Arun Kumar**, Associate Professor, Chebrolu Hanumiah Institute of Pharmaceutical Sciences, Guntur, Andhra Pradesh.
4. **Dr. K.Naveen Babu**, Professor, Professor, KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada.
5. **Dr.G.Ramana**, HoD, Department of Pharmaceutics & Biotechnology, Associate Professor, KVSR Siddhartha College of Pharmaceutical Sciences.
6. **Dr.PragadaRajeswaraRao**, Professor, Professor, Professor, A.U. College of Pharmaceutical Sciences, Andhra University, Vizag.**Dr.K.Pawan Kumar**, HoD, Department of Pharmacology, Chebrolu Hanumiah Institute of Pharmaceuall Sciences, Guntur.

Name of the Program Director: Dr.G.Devala Rao, Principal, KVSRSCOPS

Organizing Secretary: Dr. G.Vijaya Kumar, Professor, KVSRSCOPS

Number of registered participants: 11

Venue: KVSR Siddhartha College of Pharmaceutical Sciences, Seminar Hall.

A handwritten signature in green ink, appearing to be "G. Devala Rao".

PRINCIPAL

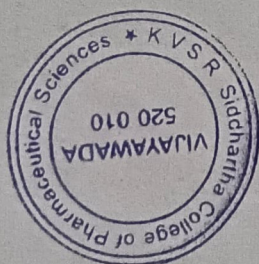

K.V.S.R.SIDDHARTHA COLLEGE OF
PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010.

The program was inaugurated on 08-11-2020 with a prayer song.

This was followed by a brief note by the principal Department HoD, Dr.G.Vijaya Kumar.

1. The eminent speaker on Day 1 was **Dr.G.Vijaya Kumar**, Professor , KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada. He delivered a talk on the topic "**Publication Ethics**". He explained the need of ethics in publishing a work and consequences.
2. The Resource person for Day 2 session was **Dr.Pingili Ravindra Babu**, P Associate Professor, School of Pharmacy & Technology Management, NMIMS University(Deemed to be). He delivered a talk on "**Role of CYP Enzymes in Drug Metabolism & Toxicity.**" He shared his research experience in Role of CYP enzymes in metabolism and liver Toxicity by Toxic metabolite NAPQI.
3. Day 3 session was graced by **Dr.Chadalawada Arun Kumar**, Associate Professor, Chebrolu Hanumiah Institute of Pharmaceutical Sciences, Guntur Andhra Pradesh, India. He delivered a talk on "**Gut Brain Axis**". He elaborately explained the role of gut brain axis in moderation of drug action.
4. The Resource person for Day 4 session was **Dr.K.Naveen Babu**, Professor, KVSR Siddhartha College of Pharmaceutical Sciences, Andhra Pradesh, India. He delivered a talk on "**Filing a Patent Application**" He explained the phases of Phases of patent filing and given instructions for better easier processing of filing a patent.
5. Day 5 session was chaired by **Dr.G. Ramana**, Associate Professor, KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada, Andhra Pradesh, India. He delivered a talk on "**An Insight to Pharma GMP**" and suggested the faculty to have a grip on GMP to meet the needs of Regulating Authorities.
6. The eminent speaker for Day- 6 was **Dr.PragadaRajeswaraRao**, Professor, Professor, A.U. College of Pharmaceutical Sciences, Andhra University, Vizag, Andhra Pradesh, India. He delivered a talk on "**A Decade of Toxicological Trends: What The Papers Say**". He explained the recent updates in industry and pattern of publications in recent journals.

To conclude this one-week FDP, a valedictory session was organized on 13.11.2020 at 04:30PM.

One Week Faculty Development Program on PHARMACIST CONTRIBUTION IN COVID-19 MANAGEMENT

Organized by
Department of Pharmacy Practice
(2nd November to 6th November 20220)

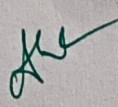

About the College & Department

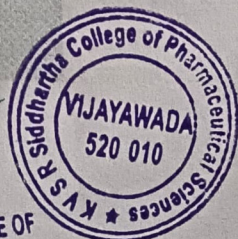

Kommareddy Venkata Sadasiva Rao Siddhartha College of Pharmaceutical Sciences (KVSR SCOPS) is a first private self-financed institution in Andhra Pradesh which was established in 1994 at Vijayawada, sponsored by Siddhartha Academy of General and Technical Education (SAGTE). Affiliated to Krishna University offering 4-year under graduate (B-Pharm), 2year Post graduate (M-Pharm), 6 year Pharm D & 3year Pharm D (PB) programs. The college is approved by the All-India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI). The college is located the middle of the city and has an excellent academic atmosphere, culture and discipline with the best infrastructural facilities

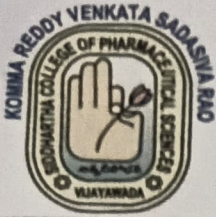

Department of Pharmacy practice is organizing one-week Faculty Development Program on "Pharmacist contribution in COVID-19 management" from November 2nd to 6th 2020. The program emphasizes on role of pharmacists in COVID-19 management.

Program Objectives

- To create awareness about the disease & how to prevent it
- To understand the use of antibiotics & antivirals in COVID-19 management
- To understand the importance of vaccination

DETAILED ACTIVITIES

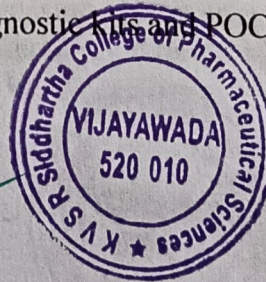

Day 1: 02.11.2020

Day 1 has been taken up by excellent speaker Dr. G. Vijaya Kumar. He has explained in detail about the covid-19 & how it spreads, its symptoms and how to prevent it. Coronaviruses are a group of viruses belonging to the family of coronaviridae, it is an infectious disease caused by the SARS-CoV-2 virus. Most people infected with the virus will experience mild to moderate respiratory illness & recover without requiring special treatment. However, some will become seriously ill and require medical attention. He has explained about those who are at high risk to affect with disease, older people and those with underlying medical conditions like cardiovascular disease, diabetes, chronic respiratory disease, or cancer are more likely to develop serious illness. Anyone can get sick with COVID-19 & become seriously ill or die at any age. He has also explained briefly about the best ways to prevent and slow down transmission is to be well informed about the disease and how the virus spreads. He explained about how to Protect yourself and other from infection by staying at least 1 meter apart from others, wearing a properly fitted mask, & washing your hands or using an alcohol- based rub frequently.

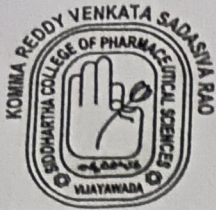

He explained briefly about the role of clinical pharmacists in COVID-19 management are create awareness on the disease, treating the patient with appropriate and adequate drug therapy monitoring, and they provide reliable information about preventing and managing the disease.

Day 2: 03.11.2020

Day 2 was started by one more excellent speaker Dr. K. Kalyan who has explained about different technology- based diagnostic strategies such as molecular approaches including real-time reverse transcriptase PCR, Serological testing through enzyme-linked immunosorbent assay, laboratory and point care devices, radiology – based detection through computed tomography and chest x-ray and viral cell cultures on Vero E6 cell lines are discussed in detail to address COVID-19. He further explained about an overview of emergency use authorized immunodiagnostic & molecular diagnostic kits and POC devices

Day 3: 04.11.2020

Day 3 has been made with an enlightening session about use of antibiotics and antivirals in COVID -19 management by Dr. K. Karthik Rakam. He started the session with the topic antibiotics used in COVID-19 management. Antibiotics don't work against viruses, they only work on bacterial infections. But the bacterial pneumonias that are diagnosed early in COVID-19 patients can be safely and effectively treated with antibiotics, a broad -spectrum antibiotics are widely used i.e. azithromycin, doxycycline. The antibiotic therapy or prophylaxis should not be used in patients with mild/moderate COVID-19 unless it is justifiable.

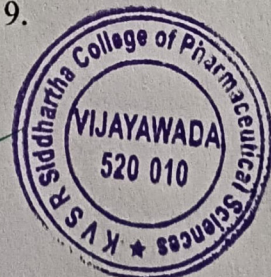

Further he has explained about the antiviral drugs used in COVID-19 management. The use of antiviral drugs in COVID-19 i.e. remdesivir & ivermectin these drugs prevent viral replication through various mechanism, because viral replication may be particularly active early in the course of COVID-19, antiviral therapy may have the greatest impact before the illness progresses to the hyperinflammatory state that can characterize the later stages of diseases, including critical illness. For this reason it is necessary to understand the role of antiviral medications in treating mild, moderate, severe, and critical illness in order to optimize treatment for people with COVID-19.

He also explained about the use of corticosteroids in non-hospitalized patients with COVID-19 is contraindicated. Generally the use of systemic corticosteroids is associated with adverse events (e.g., hyperglycemia, secondary infections, neuropsychiatric symptoms), which may be difficult to detect and monitor in an outpatients. However, systemic corticosteroids therapy improves clinical outcomes and reduces mortality rate in hospitalized patients with COVID-19.

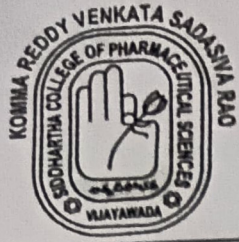

He highlighted the importance of pharmacist contribution in COVID-19 management by providing consulting services on the proper use of new therapeutic drugs for COVID-19 patients, including off- label drugs and also providing medication consultation to physicians and nurses.

Day 4: 05.11.2020

Day 4 was a scintillating session by Dr. Adepur Ramesh where she explained in detail about Black fungus infection, its types, causes, transmission, symptoms, diagnosis, prevention & precaution. It is a rare disease but dangerous infection. This usually occur in people when the immune system has been affected by COVID-19.

Day 5: 06.11.2020

Day 5 was a provoking session by Dr. P. Ravindra Babu He explained about the importance of vaccination in contagious and dangerous diseases like COVID-19, polio, measles, mumps & HPV. Vaccine prevent the spread of contagious, dangerous, and deadly diseases. He has also explained how vaccines work after injected into the body, for some vaccines, a weekend form of disease germ is injected into your body. Your body detects the invading germs and produces antibodies to fight them. Those antibodies then stay in your body for long time. In many cases, they stay for the rest of the life. If your ever exposed to the disease again, your body will fight it off without you ever affecting with the disease. He highlighted the importance of being vaccinated can help prevent themselves from spreading and cause serious complications. So, get vaccinated when it is your turn.

The sessions were very interactive and really amazing, the slides were well explained and the delegates interacted with the speaker and were enlightened with the sessions on pharmacist contribution in COVID-19 management.

Instructions to the Participants:

1. Participants should attend all the sessions for receiving the e-certificate.
2. Attendance and feedback link will be shared through the Telegram group and YouTube live chat box.
3. The attendance link will be active until 3.00 pm of every session. All the participants are requested to quote their registration number in the attendance form and for the future correspondence.
4. Participants who got registered under student and other category are not assigned with any registration numbers.
5. However, they can participate in FDP through YouTube Channel. No e-certificate will be issued for them.
6. The YouTube link of our channel is

INTRODUCTION

As a part of the research orientation to the faculty and PG students, IQAC, KVSRSOCPS organized one week online faculty development program on A One Week Virtual International Faculty Development Program on “Advances in Pharmaceutical Sciences: Research and Practice” July 27, 2020 to August 01, 2020 The program emphasizes on role and importance of research in pharmaceutical industry. The FDP is aimed for the faculty members, Research scholars and post graduate students.

OBJECTIVES

- To understand about the various advancements in pharmaceutical research
- To know the about various techniques and developments in nanotechnology
- To gain complete knowledge on chromatographic techniques
- To understand the role of clinical pharmacokinetics and preclinical models in pharmaceutical research

PROGRAM DETAILS

FDP is the main ingredient traits to enhance professional education and competence. Enriching the faculty vitality in key domains of teaching, assessing, research, professionalism and administration is perceived to improve educational environment significantly and enhances the academic performance of learners. Department of Pharmaceutics is organizing One Week online Faculty Development Program on Regulatory Requirements for Immediate and Controlled Released Dosage Forms from 15th February to 20th February 2021.

In this event 436 participants who actively participated from various colleges. FDP intends to provide self reliance assistance to facilitate up gradation of knowledge, skill and intends to provide opportunities for induction training to teachers, research scholars and post graduate students in Pharmaceutics

The first day started with the inauguration session, and prayer, and then after Dr. G. Devala Rao, welcomed all the participants and the speakers.

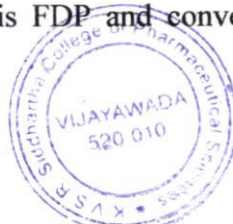

The key note address was given by **Dr. G. Devala Rao**, Principal and d insisted all the participants to learn as much as they can from this FDP and convey the message to their students- the future pharmacists.

Day 1: 27.07.2020

Time: 11:AM AM to 12:00 Noon

Speaker: Dr. Ramesh Adepu

Topic: Home Medicines Review (HMR) services by pharmacist

PRINCIPAL
K.V.S.R. SIDDHARTHA COLLEGE
PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010

The session started at 11:AM am with a brief introduction of speaker. **Dr. Ramesh adepu** explained about various techniques, methods and applications of Home Medicines Review (HMR) services by pharmacist. He emphasized on importance and need of Home Medicines Review (HMR) services by pharmacist with illustrative examples. The whole session was very interesting because of clear, simple and effective explanation.

Day 2 : 28.07.2020

Speaker : Dr. K.P.Chowdary

Time : 11:00AM to 12.00 Noon

Topic : Clinical Pharmacokinetics and its Role in Clinical Pharmacy

On the second day, Dr. **KPR Chowdary explained** about the Clinical Pharmacokinetics and its Role in Clinical Pharmacy . He highlighted about various question that would be needed to answer in the topic. Also, Sir has covered several examples and citations and suggested to do get acquainted with current trends in the clinical pharmacokinetics. He also expressed his gratitude of thankfulness towards our principal and college for selecting this topic.

Day 3: 29.07.2020

Speaker: Mr. Sai Krishna Gudi

Time: 11:00 AM to 12.00 Noon

Topic: Importance and Impact of Pharmaceutical Technology on Health Care

Speaker gave introduction about the Importance and Impact of Pharmaceutical Technology on Health Care. He described in detail about various changes and modifications that have occurred in pharmaceutical technology and how it would affect the therapeutic effect of the drug. The whole session was very interesting with explanation of lot of case studies.

Day 4: 30.07.2020

Speaker : Dr. M. Bhagavan Raju

Time : 11:00 AM to 12.00 Noon

Topic : Nanotechnology: Need of the Hour in Pharmaceutical Research

Speaker explained about the Basic concept's of nanotechnology. Sir reminded about role of nanotechnology and its importance in formulation development and drug delivery. He also emphasized on recent trends and impact of nanotechnology in treatment of various diseases.

PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010

Day 5: 31.07.2020

Speaker : Dr. Vijaya Saradhi Settaluri

Topic Chromatography: An overview

Time: 11:00 AM to 12:00 Noon

Dr. Vijaya Saradhi Settaluri discussed the importance and need of Chromatography in Indian pharmaceutical industry. Sir enlightened regarding need of chromatography and, benefits of using it in formulation. He also discussed the role of chromatography in manufacture processing of new drugs with several illustrative examples and case studies. Overall session was very interesting with lot of questionnaires from participants.

Day 6: 01.08.2020

Speaker: Dr. Ch. Siva Reddy

Topic: Preclinical Models of Ischemic Stroke: Methodology and Challenges

Time: 11:00 AM to 12.00 Noon

Dr. Ch. Siva Reddy discussed the importance and preclinical models of ischemic stroke. He also discussed about various methodology and challenges involved in dealing the models for Ischemic Stroke. Sir explained with the topic with case studies and illustrative examples.

Valedictory

Dr. G. Devala Rao, congratulated all the participants and presented overall summary of the program. Dr. G. Vijaya Kumar appreciated the team work done by IQAC. All the speakers congratulated entire team for nice organization and successful conduction of the event. Finally participants were invited to give their feedback and they appreciated the efforts of KVSRSOCPS. To conclude, Dr. G. Devala Rao proposed the vote of thanks and e-FDP was concluded with National Anthem.

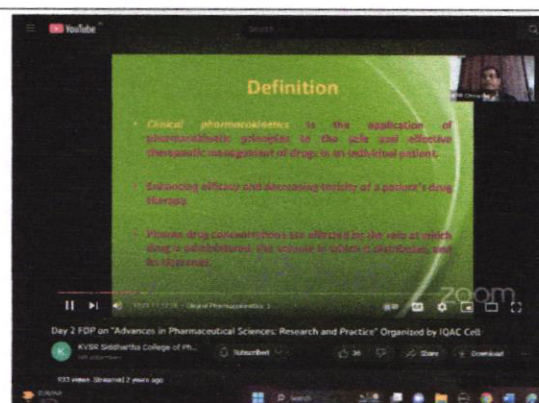

A handwritten signature in green ink, appearing to be "K.V.S.R.", written over the stamp.

PROGRAM OUTCOME

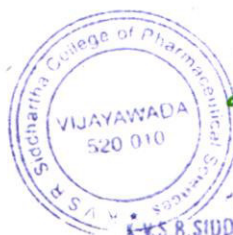

- All the participants displayed enthusiasm over FDP
- 436 Participants participated in this program.
- **Clearly understood about**
 1. the various advancements and trends occurring in pharmaceutical research.
 2. The role of various pharmacokinetics parameters in formulation development
 3. Advancements and applications of chromatography in formulation development and research
 4. Role various preclinical models in pharmacological studies

Recent Trends Towards Drug Discovery

Organized by Department of Pharmacognosy

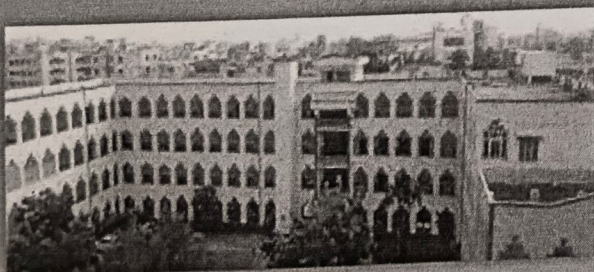

About the College & Department

Kommareddy Venkata Sadasiva Rao Siddhartha College of Pharmaceutical Sciences (KVSR SCOPS) is a first private self-financed institution in Andhra Pradesh which was established in 1994 at Vijayawada, sponsored by Siddhartha Academy of General and Technical Education (SAGTE). Affiliated to Krishna University offering 4-year undergraduate (B.Pharm), 2year Post graduate (M.Pharm), 6 year Pharm D & 3year Pharm D (PB) programs. The college is approved by the All-India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI). The college is located the middle of the city and has an excellent academic atmosphere, culture and discipline with the best infrastructural facilities.

Department of Pharmacognosy is organizing one week online Faculty Development Program on "Recent Trends Towards Drug Discovery" from 6th July to 10th July 2020. The program aims at Isolation and Characterization of herbal drugs by advanced methods, herbal product regulations, innovations in research field.

Program Objectives

- To emphasize the herbal medication importance.
- To isolate and identify the herbal drugs by advanced analytical approaches.
- To develop the novel drug discovery methodology.
- To encourage faculty towards Research and Innovations.

ONE WEEK INTERNATIONAL FACULTY DEVELOPMENT PROGRAM ON

Recent Trends Towards Drug Discovery
(6th -10th July 2020)

Program Schedule

	Dr. Jyothirmayee Innovation and entrepreneurship as Career Opportunities 06-07-2020, 10:00 AM - 11:30 AM		Dr. Mankanna Characterization of Novel Drug Products by using Spectroscopic Techniques 06-07-2020, 10:00 AM - 11:30 AM
	Dr. Mohan Modern Herbal Health Evaluation of Herbal drugs As analytical Perspective 07-07-2020, 10:00 AM - 11:30 AM		Dr. G. S. R. Sadasiva Rao Bioprospecting and conservation and development 08-07-2020, 10:00 AM - 11:30 AM
	Dr. N. S. Kumar Natural products in Drug Discovery: Advances and opportunities 09-07-2020, 10:00 AM - 11:30 AM		Dr. Mankanna Applications of Computational Methods in Drug Design and Discovery 10-07-2020, 10:00 AM - 11:30 AM

Registration Details

- ✓ Academicians /Post graduate students/ Research scholars/ Industry professionals can attend the program.
- ✓ Registration link for FDP: <https://forms.gle/CuSyYtpTYL2xJvSV7>
- ✓ Join Meeting <https://us02web.zoom.us/j/844069448957pwd=dTVxQUt3WGJET2I2RUo4dHB6aGpVUT09>
- ✓ Attendance is mandatory to avail E-Participation Certificates.

An Overview of FDP

Day 1: 06-07-2020

Name of the Resource person: Dr C H K L V S N Anjana Male

Title: Innovation and entrepreneurship as Career Opportunity

Summary: The Resource person for day 1 session was Dr C H K L V S N Anjana Male, She delivered a talk on **“Innovation and entrepreneurship as Career Opportunity”** She highlighted the importance of Innovations in Pharmacy.

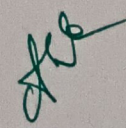

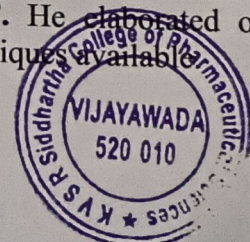

Day 2: 07-07-2020

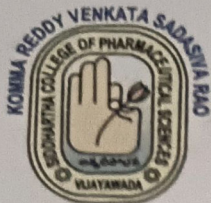

Name of the Resource person: Dr. Mohan Gandhi Bonthu

Title: Evaluation of Herbal drugs: An analytical Prospective

Summary: The speaker for scientific session of Day 2 was Dr. Mohan Gandhi Bonthu. He delivered a talk on **“Evaluation of Herbal drugs: An analytical Prospective”**. He elaborated on the importance of Herbal drug evaluation and various advanced analytical techniques available.

Program Outcomes for "Recent Trends Towards Drug Discovery":

1. Awareness of innovation and entrepreneurship as viable career opportunities in the field of drug discovery, encouraging students to explore entrepreneurial ventures and contribute to advancements in the pharmaceutical industry.
2. Proficiency in the evaluation of herbal drugs from an analytical perspective, equipping students with the skills to assess the quality, safety, and efficacy of herbal medicines in drug discovery and development.
3. Knowledge of the latest advances and opportunities in utilizing natural products for drug discovery, enabling students to explore the potential of natural compounds as sources of novel therapeutics.
4. Competence in characterizing natural products using spectroscopy techniques, providing students with the ability to analyze and identify bioactive compounds from natural sources.
5. Understanding of the link between entrepreneurship and economic development, fostering an entrepreneurial mindset among students and highlighting the potential impact of drug discovery on economic growth and societal well-being.
6. Proficiency in applying computational methods in drug design and discovery, empowering students to utilize computer-based tools and techniques for virtual screening, molecular modeling, and optimization of drug candidates.

One Week Faculty Development Program on Exploring New Horizons in Applications of Chemistry: Challenges & Opportunities in Pharmaceutical and Nutraceuticals

Department of Pharmaceutical Chemistry

(8th June to 13th June 2020)

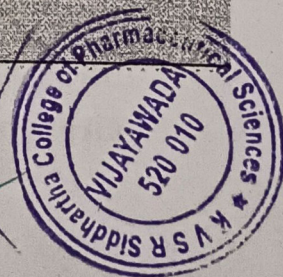

About the College & Department

Kommareddy Venkata Sadasiva Rao Siddhartha College of Pharmaceutical Sciences (KVSR SCOPSS) is a first private self-financed institution in Andhra Pradesh which was established in 1994 at Vijayawada, sponsored by Siddhartha Academy of General and Technical Education (SAGTE). Affiliated to Krishna University offering 4-year under graduate (B.Pharm), 2-year Post graduate (M.Pharm), 6-year Pharm D & 3-year Pharm D (PB) programs. The college is approved by the All-India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI). The college is located in the middle of the city and has an excellent academic atmosphere, culture and discipline with the best infrastructural facilities.

Department of Pharmaceutical Chemistry is organizing one-week Faculty Development Program on Exploring New Horizons in Applications of Chemistry: Challenges and Opportunities in Pharmaceutical and Nutraceuticals from 8th June to 13th June 2020. The program emphasizes on recent and current applications of chemistry in pharmaceuticals and nutraceuticals.

Program Objectives

- To understand the principles of chemistry in development of pharmaceuticals.
- To isolate and identify novel bioactives.
- To understand various environmental friendly solvents and catalysts.
- To encourage faculty towards R & D for in development of nutraceuticals

Day wise activities

Day 01 :

Speaker: Dr. KNV Chenchu Lakshmi, Professor & HOD, Department of Ph.Chemistry, QIS College of Pharmacy, Ongole

The session started at 10:30 am with a brief introduction of speaker by Dr. B.Anupama. Dr. G. Devalarao, Principal, KVSRSOPS gave on the importance of nutraceuticals. The speaker spoke about the importance of the study of nutraceuticals ingredients as they poses several challenges in the medicinal chemistry field.

Day 02 : On the second day, Dr.K.Chenchu Lakshmi spoke about the brief note on extraction and chemical characterization, in vitro and in vivo bioactivity evaluation of nutraceuticals

Day 03 :

The goal of nutraceutical development was briefly outlined by the speaker, who then went on to discuss the many approaches to pharmaceutical manufacture that are environmentally friendly.

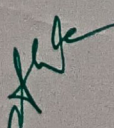

Day 04 :

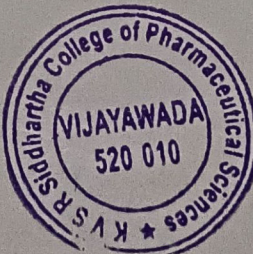

Dr.K.Rajya Lakshmi, Associate Professor, Vignan College of Pharmacy, Guntur

The speaker discussed both the most recent developments in nutraceuticals as well as analytical methodology's core concepts. She also gave a quick overview of how different nutraceuticals are evaluated in terms of quality.

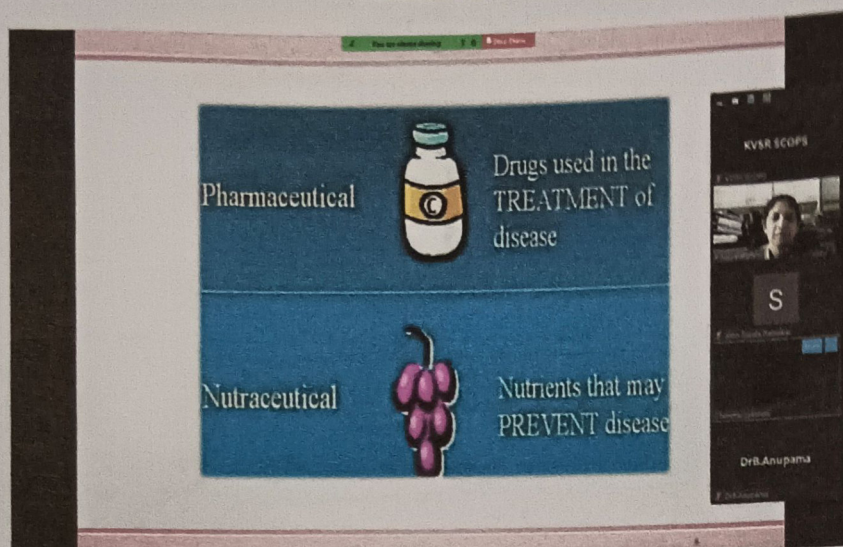

Day 05 &6 :

The speaker spoke extensively on the possible uses for nutraceuticals and its benefits for social well-being. She placed emphasis on "nutraceutical" benefits. The programme ended with valedictory function.

PHOTOS

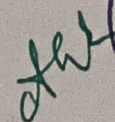

Scope Of Nutraceuticals

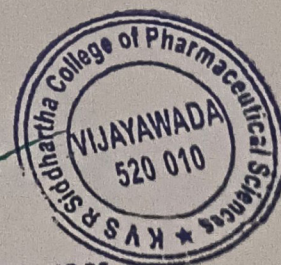

Disease	Nutraceuticals	Source
1) Joint health	Glucosamine	Found in ligaments ,cartilages ,tissue, tendons
	Chondroitin	Proteoglycans of articular cartila
2) Cardiovascular health	Co Q-10	Soyabean ,olive oil
	Melatonin	Bone marrow ,pineal glands
	DHA	Fish oil
	Reseveratrol	Grapes, red wine
	Caretonoids	Carrot ,sweet potato
	Catechin	Tea extracts

Session by Dr.k.Rajyalakshmi

PROGRAM OUTCOME

All of the participants showed enthusiasm for the FDP; they had a clear understanding of the importance that are developed contrary to the synthetic drugs; they had a clear understanding qualitative methods of analysis for nutraceuticals. The sessions provided encouragement to the faculty to pursue research in nutraceuticals and their commercialization for the benefit of society.

ONE WEEK ONLINE INTERNATIONAL FACULTY DEVELOPMENT PROGRAM on

Bioactive based Cosmeceuticals: An update on Emerging Trends (1st to 6th June 2020)

Organizing by

Department of Pharmaceutical Analysis

About the college & Department

Kommareddy Venkata Sadasiva Rao Siddhartha College of Pharmaceutical Sciences (KVSRSOCPS) is a first private self-financed institution in Andhra Pradesh which was established in 1994 at Vijayawada, sponsored by Siddhartha Academy of General and Technical Education (SAGTE). Affiliated to Krishna University offering 4-year under graduate (B.Pharm), 2-year Post graduate (M.Pharm), 6-year Pharm D & 3-year Pharm D (PB) programs. The college is approved by the All-India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI). The college was located in the middle of the city and has an excellent academic atmosphere culture and discipline with the best infrastructural facilities.

The PG Program in Pharmaceutical Analysis is approved in the academic year 2007-08. As a part of research orientation to the faculty and PG students, the Department of Pharmaceutical Analysis is organizing one-week online International Faculty Development Program on Bioactive based Cosmeceuticals: An update on Emerging Trends from 1st June to 6th June 2020. The program emphasizes on Cosmeceuticals and their applications.

Program Objectives

- Make to understand manufacturing of Biobased Cosmeceuticals and their uses
- To discuss about Bio based Cosmeceuticals
- To get knowledge on Techniques used for Analysis of Cosmeceuticals
- To encourage faculty towards R&D for commercialization to the benefit of our society

DETAILED ACTIVITIES

Day 1: 1.06.2020

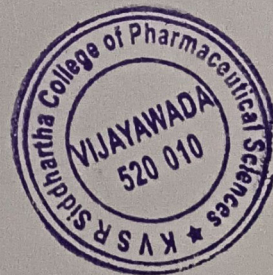

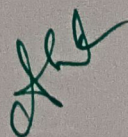

Day 1 has been taken up by Dr. Shaik Arifa Begum who has given a brief introduction to bioactive Cosmeceuticals. She explained the scope of Cosmeceuticals. She discussed various types of Cosmeceuticals by showing some examples. Later, she talked about advantages and also the ingredients used in the manufacturing of Cosmeceuticals...last, she explained the applications and Future aspects of Bioactive Based Cosmeceuticals

Day 2: 2.06.2020

Day 2 began with another outstanding speaker Dr. K.N.V. Chenchu Lakshmi. She starts her session with introduction to the Cosmeceuticals. She enlisted the various ingredients used in the manufacturing of Bioactive Cosmeceuticals. Then she talked about synthesis of different ingredients for Cosmeceuticals. She briefly explained the procedures and methods to be followed for the synthesizing ingredients used.

Day 3: 3.06.2020

This session was taken by the Dr. D.S.N.B.K. Prasanth. He started the session by explaining about herbs and its use as a cosmetic at the same time as a medicine. Later on he discussed about various herbal originated cosmetics having medicinal properties with examples. He also explained about extraction methods. He enlisted the herbs used in preparation of Cosmeceuticals.

PRINCIPAL
K.V.S.R. SIDDHARTHA COLLEGE OF
PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010.

Day 4: 4.06.2020

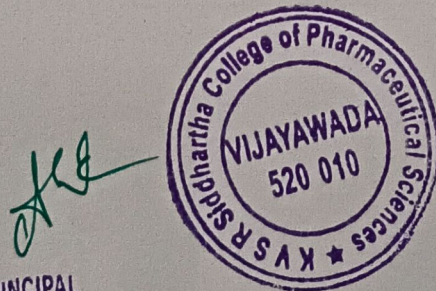

Dr.K.S.murthy led the fourth day session. He lists the ingredients that have a negative impact on health and the chemicals that are toxic and can be found in cosmetics and personal care products. Sir also emphasized the health risks posed by such ingredients in products. Sir then briefly described the chemicals used in cosmetics manufacturing and their potential health effects. Finally, Sir suggested that consumers be aware of the ingredients used in their cosmetic and personal care products, as well as the potential side effects.

Day 5: 5.06.2020

Day 5 session was started with Dr.Vijaya Lakshmi mam who shared such a useful knowledge which made session interesting. She discussed about various Cosmetics that currently available in market. After that she enlisted the raw materials used in the manufacturing of cosmetics with examples and uses.

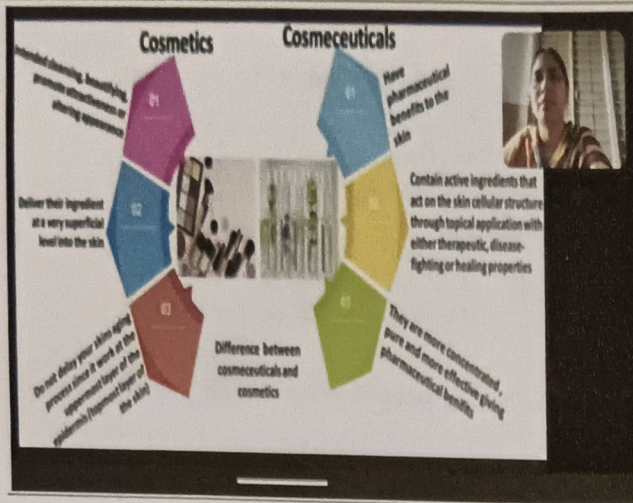

Day 6: 6.06.2020

Day 6 session was also handled by Dr.Vijaya Lakshmi. She explained about various methods for the analysis of cosmetic raw materials.Madam discussed about physical,chemical and instrumental methods for evaluation of raw materials.she also explains the procedure and sample preparation for analysis of various raw materials. The sessions were very interactive and really amazing, the slides were well explained and the delegates interacted with the speaker and were enlightened with the sessions on “Biobased Cosmeceuticals”

PROGRAM OUTCOME

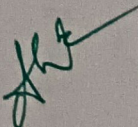

- All the participants displayed enthusiasm over FDP
- Clearly understood about principles and applications of Biobased Cosmeceuticals
- Clearly understood about the Manufacturing of Biobased Cosmeceuticals
- Knowledge Was gained about the Analytical methods for analysis of Cosmeceuticals

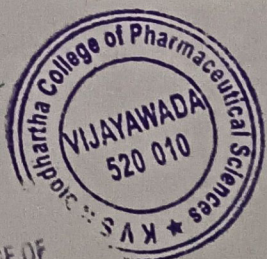

Valedictory

Dr. G. Devala Rao, congratulated all the participants and presented overall summary of the program and appreciated the team work done by department of Pharmaceutical analysis. The speaker congratulated entire team for nice organization and successful conduction of the event. Finally participants were invited to give their feedback and they appreciated the efforts of KVSRSOPS. To conclude, Mrs. M.Vijaya Lakshmi, Associate Professor proposed the vote of thanks and FDP was concluded with National Anthem.

REPORT:

DAY -1:

Day 1 session is about disaster management about fire and types of fires are explained and what safety precautions to be take and the surrounding fire management and how to fight with fight.

DAY-2:

Day 2 session is about electrical safety tips stay away from places marked with warning signs and fire emergency icons which represents the fire emergency.

DAY-3:

Day 3 session is about evacuation rules is by evacuating quickly the key to survival. Review and become familiar with evacuation routes before an emergency. During a fire one of their routes could be blocked if in case they will find another way out.

DAY-4:

Day 4 session is about types of fires like ordinary combustibles, flammable liquids, electrical equipment's and combustible metals or alloys and about types of fire extinguishers like water dry powder extinguisher, carbon dioxide dry powder extinguisher, hallon 1211 fire extinguisher, dry chemical extinguisher.

DAY-5:

Day 5 session is about how to use a fire extinguisher by PASS METHOD. First pull the pin and then aim the base of the fire then squeeze the lower and sweep side to side. For handling the fire extinguisher the person should be strong enough to lift and operate the extinguisher.

DAY-6:

Day 6 session is about the things to do to escape safely. Get down, get low, get out if the smoke is poisonous, get underneath it on your hands and knees and crawl to nearest safe exit.
