FACULTY DEVELOPMENT PROGRAM REPORT (AY:2018-2019)

Name of the Event: Faculty Development Program

Title: Novel Approaches in Molecular Pharmacology

Date: 27.01.2020 to 01.02.2020

Resource persons:

1. **Dr.M.MohanVarma**, Professor , Shri Vishnu College of Pharmacy, Bhimavaram.
2. **Dr.Nalluri Buchi Naidu**, P.G & Research Director, KVSr Siddhartha College Of Pharmaceutical Sciences.
3. **Dr K.P.R. Chowdary**, Former Principal, A.U. College of Pharmaceutical Sciences, Andhra University, Vizag.
4. **Dr.A.Annapurna**, Professor, Department of Pharmacology, A.U. College of Pharmaceutical Sciences, Andhra University, Vizag
5. **Dr.Veera Raghavulu Bitra**, Assistant Professor, A.U. College of Pharmaceutical Sciences, Andhra University, Vizag
6. **Dr.K.Pawan Kumar**, HoD, Department of Pharmacology, Chebrolu Hanumiah Institute of Pharmaceuticall Sciences, Guntur.

Name of the Program Director: Dr.G.Devala Rao, Principal, KVSrSCOPS

Organizing Secretary: Dr. G.Vijaya Kumar, Professor, KVSrSCOPS

Number of registered participants: 15

Venue: KVSr Siddhartha College of Pharmaceutical Sciences, Seminar Hall.

PRINCIPAL

PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010

The program was inaugurated on 27-01-2020 with a prayer song.

This was followed by a brief note by the principal and guest of Honor, Dr.Mohan Varma.

1. The eminent speaker on Day 1 was **Dr.Mohan Varma**, Professor , Shri Vishnu College of Pharmacy, Bhimavaram. He delivered a talk on the topic **“In vitro and in vivo evaluation of Natural Compounds”**. He elaborated methods of extraction, in-vitro method, dose and dosage selection and grouping of animals etc.
2. The Resource person for Day 2 session was **Dr.Nalluri Buchi Naidu**, P.G & Research Director, KVSRSOCS, Vijayawada. .He demonstrated **“Drug Delivery through Trans –Dermal Patches in IDDM Patients.”** He demonstrated the various equipments useful in testing of drug delivery through transdermal patches.
3. Day 3 session was graced by **Dr. K.P.R. Chowdary**, Former Principal, A.U. College of Pharmaceutical Sciences, Andhra University, Vizag, Andhra Pradesh, India. He delivered a talk on **“Insights into Systemic Review and Meta-Analysis”**. He elaborately explained the selection of method, subjects, and time period for meta analysis.
4. The Resource person for Day 4 session was **Dr.A. Annapurna**, ,Professor, Professor, A.U. College of Pharmaceutical Sciences, Andhra University, Vizag, Andhra Pradesh, India. She delivered a talk on **“Drug Metabolism: Basic Concepts and Role in Drug Discovery”** She explained the phases of metabolism of drugs, role of enzymes in metabolism and effects of metabolites in detail.
5. Day 5 session was chaired by **Dr.Veera Raghavulu Bitra**, Assistant Professor, A.U. College of Pharmaceutical Sciences, Andhra University, Vizag, Andhra Pradesh, India. He delivered a talk on **“Novel approaches for digital pharmacology”** and suggested the faculty to follow novel methods for better results in lead optimization and Drug discovery.
6. The eminent speaker for Day- 6 was **Dr.Pawan Kumar**, Professor, HoD, Dept. of Pharmacology, Chebrolu Hanumiah Institute of Pharmaceutical Sciences, Guntur, Andhra Pradesh, India. His topic was **“Antiepileptic Drug Discovery: Novel Approaches (Methods in Pharmacology and Toxicology)”**. He explained the advantages and disadvantages of various screening methods in screening anti-epileptics and shared his research experience with the faculty.

To conclude this one-week FDP, a valedictory session was organized on 01.02.2019 at 03:30PM.

One Week Faculty Development Program on Emerging Trends In Medical Devices and Their Applications In Pharmacy

(20th January to 25th January 2020)

Organized by
Department of Pharmaceutics and Pharmaceutical Biotechnology

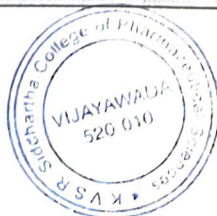

About the College & Department

Kommareddy Venkata Sadasiva Rao Siddhartha College of Pharmaceutical Sciences (KVSr SCOPS) is a first private self-financed institution in Andhra Pradesh which was established in 1994 at Vijayawada, sponsored by Siddhartha Academy of General and Technical Education (SAGTE). Affiliated to Krishna University offering 4-year under graduate (B.Pharm), 2year Post graduate (M.Pharm), 6 year Pharm D & 3year Pharm D (PB) programs. The college is approved by the All-India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI). The college is located the middle of the city and has an excellent academic atmosphere, culture and discipline with the best infrastructural facilities.

Department of Pharmaceutics and Biotechnology is organizing one-week Faculty Development Program on **Emerging Trends In Medical Devices and Their Applications In Pharmacy** from 20th January to 25th January 2020 . The program emphasizes on recent and current trends in Pharmaceutical Sciences.

Program Objectives

- To know the about the various types of medical devices
- To know the preparation of various types of medical devices
- To understand various evaluation techniques of medical devices.
- To understand the applications of medical devices in drug therapy .

INTRODUCTION

The Post graduate program in Pharmaceutics is approved in the academic year 2007-08 and the Department officially framed during 2017-18. As a part of the research orientation to the faculty and PG students, the Department of Pharmaceutics organized one faculty development program on Recent Trends in Particulate Drug Delivery Systems from 20th January to 25th January 2020. The program emphasizes on Emerging Trends in Medical Devices and their Applications in Pharmacy. The FDP is aimed for the faculty members, Research scholars and post graduate students to direct their research and development towards particulate drug delivery systems for better optimization of drug delivery.

OBJECTIVES

- To know the about the various types of medical devices
- To know the preparation of various types of medical devices
- To understand various evaluation techniques of medical devices.
- To understand the applications of medical devices in drug therapy

PROGRAM DETAILS

FDP is the main ingredient traits to enhance professional education and competence. Enriching the faculty vitality in key domains of teaching, assessing, research, professionalism and administration is perceived to improve educational environment significantly and enhances the academic performance of learners. Department of Pharmaceutics One Week Faculty Development Program on Emerging Trends in Medical Devices and Their Applications in Pharmacy from 20th January to 25th January 2020.

In this event 30 participants who actively participated from Andhra Pharmacy colleges. FDP intends to provide self reliance assistance to facilitate up gradation of knowledge, skill and intends to provide opportunities for induction training to teachers, research scholars and post graduate students in Pharmaceutics

The first day started with the inauguration session, and prayer, and then after Dr. Buchi N Nalluri, welcomed all the participants and the speakers.

The key note address was given by **Dr. G. Devala Rao**, Principal and HoD and he welcomed the speaker to the program and insisted all the participants to learn as much as they can from this FDP and convey the message to their students- the future pharmacists.

Day 1: 20-1-2020

Time: 10:30 AM to 12.30 PM

Speaker: Dr. G. Devala Rao

Topic: Recent advances in Biomedical devices

The session started at 10:30 am with a brief introduction of speaker by Dr. Buchi Nalluri. : **Dr. G. Devala Rao** explained about various techniques, methods and applications of **Biomedical devices**. He emphasized on importance and need of biomedical devices in drug delivery. The whole session was very interesting because of clear, simple and effective explanation.

Day 2 : 21-1-2020

Speaker : Dr. Bobba Ravi Kiran

Time :10:00Am to 12.00 Noon

Topic : Applications of biomedical devices in cancer

On the second day, **Dr. Bobba Ravi Kiran** explained about the Applications of biomedical devices in cancer . He highlighted about need of biomedical devices in cancer therapy. Also, Sir covered about latest techniques with examples and citations and suggested to do get acquainted with current trends in

medical devices. He also expressed her gratitude of thankfulness towards our HoD and college for selecting this topic.

Day 3: 22-1-2020

Speaker: Dr. Kumar V S Nemmani

Time: 10:00 AM to 12.00 PM

Topic: Recent Advances in Insulin drug delivery Pumps

Speaker gave introduction about the drawbacks of insulin drug delivery and emphasized the need of insulin drug delivery pumps. He described in detail about various models and advancements in insulin drug delivery. The whole session was very interesting with explanation of lot of case studies.

- **Biomedical Device and Technology Development**

Day 4: 23-1-2020

Speaker : Dr. G. Ramana

Time :10:00 AM to 12:00 Noon

Topic : Biomedical Device and Technology Development

Speaker explained about the Basic concepts of Biomedical Devices and technologies needed for the development of new medical devices. Sir reminded about drawbacks of conventional drug deliver systems and discussed the need of biomedical devices in drug delivery.

Day 5: 24 -1-2020

Speaker : Dr. Nitturi Naresh Kumar

Topic Role of medical Device Industry in India

Time: 10:30 AM to 12.00 PM

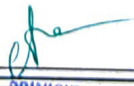

Dr. Nitturi Naresh Kumar discussed Role of medical Device Industry in India in industrial perspective. Sir enlightened about various techniques and precautions taken in the industry during the manufacture of medical devices

Day 6: 25-1-2020

Speaker: Dr. Prashanth Srirangam

Topic: Development of Coronary DES and Approval Process

PRINCIPAL
K.V.S.R. SIDDHARTHA COLLEGE OF
PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010

Time: 10:30 AM to 12.00 AM

Dr. Prashanth Srirangam shared about his vast experience and highlighted the techniques available for the development for of Coronary DES. He also discussed approval process and details about various projects taken by him regarding medical devices.

Valedictory

Dr. G. Devala Rao, congratulated all the participants and presented overall summary of the program. **Dr. G. Ramanaiah** appreciated the team work done by department of pharmaceutics and biotechnology. The speaker congratulated entire team for nice organization and successful conduction of the event. Finally participants were invited to give their feedback and they appreciated the efforts of KVSRSOCPS. To conclude, **Dr. A. Bharathi** proposed the vote of thanks and FDP was concluded with National Anthem.

PROGRAM OUTCOME

- All the participants displayed enthusiasm over FDP
- 30 Participants participated in this program.
- Clearly understood about various advancements in Medical Devices and Their Applications in Pharmacy
- Speakers agreed to visit the college for the next session also.

Day wise activities

Day 01 :

Speaker: Dr.P.Ravi Shankar, Professor & HOD Department of Analysis& QA, Vignan College of Pharmacy, Guntur

The session started at 10:30 am with a brief introduction of speaker by Dr. B.Anupama. Dr. G. Devalarao, Principal, KVSRSOPS gave an introduction to green chemistry. The speaker mainly covered the principles of environmental friendly techniques and how they are used in various sectors. The entire lesson was really fun due to the effective use of simple, clear explanation.

Day 02 : On the second day, Dr.P.Ravi Shankar spoke about the application of green chemistry in the pharmaceutical sector. He stressed the possibilities for green chemistry in each step of the manufacturing of pharmaceuticals as well as the many cutting-edge medication delivery methods. Additionally, Sir went over modern methods with examples.

Day 03 :

Speaker: Dr.K.Srujani. Assistant Professor, Ph.Analysis, ANU, Guntur

The goal of green engineering was briefly outlined by the speaker, who then went on to discuss the many approaches to pharmaceutical manufacture that are environmentally friendly.

Day 04 :

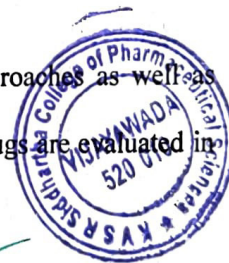

Speaker: Dr.K.Srujani. Assistant Professor Ph.Analysis, ANU, Guntur

The speaker discussed both the most recent developments in eco-friendly analytical approaches as well as analytical methodology's core concepts. He also gave a quick overview of how different drugs are evaluated in terms of quality.

Day 05 &6 :

Speaker: Dr.B.Anupama, HOD, Dep of Pharma. Chemistry

The speaker spoke extensively on the possible uses for microwave, frictional, solvent free methods in the manufacture of drugs and their benefits for social well-being. She places emphasis on "Microwave and ultrasonics synthesis" benefits. The programme ended with valedictory function.

Handwritten signature in green ink.

PROGRAM OUTCOME

All of the participants showed enthusiasm for the FDP; they had a clear understanding of environmental friendly chemistry; they had a clear understanding of outcome-based instruction, and conducting commercially viable research toward development; they knew about solvent free methods; and they had encouraged the faculty to pursue synthetic green chemistry for the purpose of commercialization for the benefit of society.

DETAILED ACTIVITIES

A one week faculty developing programme (FDP- 2019) was successfully held in KVSR Siddhartha college of pharmaceutical sciences, Vijayawada on 21-11-2019 to 01-12-2019 by department of pharmacy practice. The FDP programme received an overwhelming response with 35 participants from KVSRSOPS

Day1:26.11.2019

Day 1 was started by Dr. Satheesh S Gottipati has explained the concept of rational drug use and its introduction.

The topics covered by the speaker are:

- What is rational drug use and its advantages
- Importance of rational drug use
- Irrational prescribing practice
- Persons involved in irrational drug use
- Reasons for irrational drug use
- What does rational drug use require
- How to promote rational drug use
- Rational drug use in a hospital settings

The session ended with revision and doubts cleared by the Dr. Satheesh S Gottipati

Day2:27.11.2019

On Day 2 the session was started with one more eminent speaker Dr. Hari Babu Ramineni. He started discussion with role of pharmacist in promoting rational drug therapy and few more topics related to role of pharmacist in rational drug therapy.

- Drug procurement
- Distribution,
- Dispensing,
- Education,
- Prescribing information,
- Pharmaceutical care.

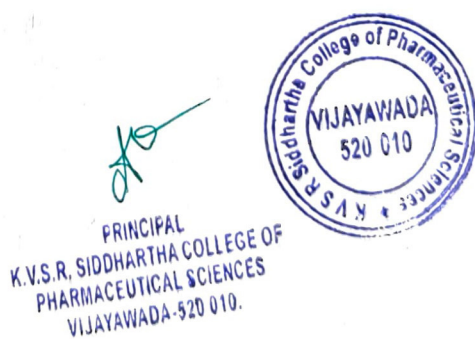

Role of clinical pharmacist:

Drug information

ADR Monitoring and report

Drug therapy monitoring

More focused teaching on patient and the disease rather than general information on drugs

The session ended with revision and doubts cleared by the speaker Dr. Haribabu

Day3:28.11.2019

On Day 3 the session was started by Dr.Ravindra Babu Pingili. He briefly explained about essential drugs and its importance. He also explained about the concept related to the essential medicines

Topics covered during the session by Ravindra Babu :

- Definition of essential drugs
- History of the WHO model list of essential drug list
- Guidelines for establishing national programme for essential drugs
- Criteria for the selection of the essential drugs
- Selection of pharmaceutical dosages forms
- Quality assurance and WHO certification scheme
- Nomenclature
- Tasks after the formation of essential drug list
- Update the essential drugs list- Continuous process
- Essential drug list for primary healthcare centers

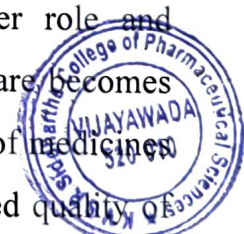

The session ended with revision and doubts cleared by the speaker Dr. Ravindra Babu Pingali

Day4:29.11.2019

On Day 4 the session was taken by Dr. G. Vijaya Kumar explained the role of pharmacist in availability of essential drug. He Explained that Role of pharmacist has been emerging continuously so as to meet the modulating needs of society. The pharmacist is now no longer a supplier of medicines but a coordinator between different members of healthcare team and the patients. Hence, proper role and involvement of a pharmacist in safe use of medicines and overall healthcare becomes very crucial. Through knowledge of drugs. By promoting the rational use of medicines and patient medication counseling pharmacists play a key role in improved quality of life for the community.

The pharmacist being uniquely qualified because

1. They are the custodians of much technical information on the medicinal products.
2. Provide an interface between the duties of prescription and selling medicines and in doing so; they dispose of any perceived

K.S.
PRINCIPAL
K.V.S.R. SIDDHARTHA COLLEGE OF
PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010.

3. Pharmacist has more opportunity to interact closely with the prescriber and therefore, to promote rational prescribing and use of drugs.
4. By having access to medicinal records the pharmacist is in a position to influence the selection of drugs, dosage regimens, to monitor patient compliance and therapeutics, response to drugs and to recognize and report adverse drug reactions.
5. They are in a better position to educate other health professionals about the rational use of drugs.
6. They can more easily participate in studies to determine the beneficial or adverse effects of drugs and further they are involved in analysis of drugs in body fluids
7. They can control hospital manufacture and procurement of drugs to ensure the supply of high quality products.

After the end of the session doubts were cleared by the speaker Dr. Vijaya Kumar

Day 5: 30.11.2019

On Day 5 the session was taken by the excellent speaker the Dr. Sirisha Annavarapu explained about the definition of the essential drugs. She also explained the guidelines for establishing national programme for essential drugs & also steps involved in essential drug list

Steps Involved Are

Step 1: Develop working principles for the development or revision of essential drugs list

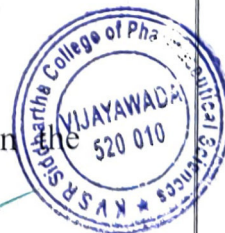

Step 2: Choose members to form a multidisciplinary expert committee

Step 3: Initiate activities and develop explicit policies on medical selection

Step 4: Establish a programme for revisions, dissemination, and training on essential medicine list

Step 5: Develop a monitoring component for the essential medical list

Effectively developed and implemented essential medical list improve medicine access and use streamline procurement activities, minimize institutional costs, and optimize patient care

PRINCIPAL
K.V.S.R. SIDDHARTHA COLLEGE OF
PHARMACEUTICAL SCIENCES
VIJAYAWADA 520 010

At the end of the session doubts clarified by the Dr. Sirisha Annavarapu

Day6:01.12.2019

On Day 6 has been initiated by Dr. Karthik Rakam who himself is an eminent speaker. He has explained topic Role of government and NGOs in concept of rational drug therapy .

Topics covered during the session

- Aims ,objectives and components of a national drug policy
- List the main steps in the design and implementation of a national drug policy
- List the main stakeholders, challenges and factors for success involved in the implementation of a national drug policy
- Describe the drug supply management cycle
- Describe the major constraints in effective procurement and ways to overcome them
- List the main characteristics of an ideal drug supply management system
- List the main elements of drug legislation
- List prerequisites for the functioning of a drug regulatory authority
- List the elements required for effective enforcement of pharmaceutical laws and regulations
- Describe the three levels of indicator used to monitor compliance with national drug policies
- 11.list the main indicator group for each level
- 12.List additional factors which have an impact on the implementation of the national drug policies

At the end of the session doubts clarified by the Dr. Karthik Rakam

OUTCOMES OF THE PROGRAMME:

Upon completion of this FDP Programme faculty will expertise in the following:

- Concept of rational drug use and essential drugs and its importance
- Understand the reasons underlying irrational use
- Role of pharmacist in promoting drug use
- Pharmacist role in availability of Essential drugs
- Prescribing guidelines of Essential drugs use
- Government and NGOs role in concept of Drug therapy and essential drugs

CIRCULAR

All the staff and students are cordially invited to participate in one week Faculty Development Program on Approaches in Drug Discovery and Development organized by the Department of Pharmacognosy. The program will be held from 30th September 2019 to 5th October 2019 at KVSRSOOPS seminar hall.

We strongly encourage all the staff and students to actively engage in this program, as it offers an excellent opportunity to expand your expertise in the field of pharmacognosy and drug development

(30th September -05th October 2019)

ABOUT THE COLLEGE

KVSR Siddhartha College of Pharmaceutical Sciences (KVSR SCOPS) was incepted during the academic year 1993-94 and it is the first private pharmacy college started in the state of Andhra Pradesh. The college is sponsored by Siddhartha Academy of General & Technical Education (SAGTE), Vijayawada, which is a visionary society running several institutions. The wide range of institutions run by SAGTE includes Medical, Dental, Pharmacy, Nursing, Engineering, Education, Management, Law and Arts. The college is affiliated to Krishna University, Machilipatnam and approved by AICTE and PCI, New Delhi, providing the pharmacy education and training in B. Pharm., M. Pharm., Pharm. D and Pharm. D (PB) courses. The College campus is located in the heart of Vijayawada city with all advanced amenities. KVSR SCOPS is committed to the education of pharmacists of the highest ethical and professional standards. The college has excellent academic atmosphere, culture and discipline with the best infrastructural facilities such as state of the art building, laboratories, library facilities, student hostel for boys and girls, playground etc.

Objectives

- To educate on the insights of drug discovery and development to expand the scope of natural drugs research.
- To establish & upgrade the research paths for future aspects of pharmacognosy.

Eligibility & Registration

Faculty, Research Scholars and Industrialists.
Registration form should be sent on or before 23rd September 2019.

Resource persons

Dr.M.V.Rao
Diabetologist,
Emergency, Vijayawada Hospital

Dr.G.Ramana Reddy
Associate professor, Pharmaceutics
KVSRSCOPS Vijayawada

Mr. Ikkurthy Venkant
SAS Consultant, SIU-USA

Dr.T.P.Rao
Associate Professor, Pharmaceutics
KVSRSCOPS Vijayawada.

Dr.T.Sarala Devi
Assistant Professor, Chemistry
KVSRSCOPS Vijayawada.

FACULTY DEVELOPMENT PROGRAM REPORT (AY:2019-2020)

Name of the event: Faculty Development Program

Title: "Approaches in Drug Discovery and Development"

Date: 30-09-2019 to 05-10-2019

Resource persons:

1. Dr M V Rao, Diabetologist, Emergency Vijayawada Hospitals, Vijayawada
2. Dr. G. Ramana Reddy, Associate Professor, Department of Pharmaceutics and Biotechnology, KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada.
3. Mr. Ikkurthy Venkat, SAS Consultant, Southern Illinois University, USA.
4. Dr. T. P. Rao, Associate Professor, Department of Pharmaceutics and Biotechnology, KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada.
5. Dr. T. Sarala Devi, Assistant Professor, Department of Pharmaceutical Chemistry, KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada, Andhra Pradesh, India.
6. Sri Venkatadri Bobba, Vice President, Pharmaceutical Manufacturing Operations at Warner Lambert Co. USA

Name of the Program Director: Dr. G. Devala Rao, Principal, KVSRSCOPS

Organizing the secretary: Dr. V. KarunaSree, HoD, Department of Pharmacognosy, KVSRSCOPS

Number of registered participants: 32

Venue: KVSR Siddhartha College of Pharmaceutical Sciences, Seminar Hall.

PRINCIPAL
K.V.S.R. SIDDHARTHA COLLEGE OF
PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010.

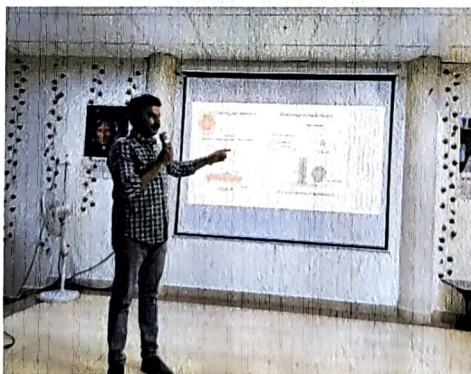

The program was inaugurated from to 30-09-2010 with a prayer song. This was followed by a brief note by the Principal, Dr. Devala Rao Garikapati, HoD, and Dr. V. Karuna Sree.

1. Day 1 session: Dr. M V. Rao, Diabetologist, Emergency Vijayawada Hospital He delivered a talk on “diabetes mellitus; an overview, diagnosis, and treatment and explained the long-term effects of untreated diabetes, emphasizing diabetic foot care. He highlighted the importance of diet, exercise, and medication in diabetes.

2. Day 2 session was chaired by Dr. G. Ramana Reddy, Associate Professor, Department of Pharmaceutics and Biotechnology, KVSr Siddhartha College of Pharmaceutical Sciences, Vijayawada. He gave a talk on “Mucoadhesive electrospun fibrous system for the fast and sustained delivery of drugs”. He explained various techniques for the formulation and evaluation of sustained-release formulations.

3. The eminent speaker for Day 3 was Mr. Ikkurthy Venkat, SAS Consultant, Southern Illinois University, USA. He delivered a talk on the topic “SAS

PRINCIPAL
K.V.S.R. SIDDHARTHA COLLEGE
PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010.

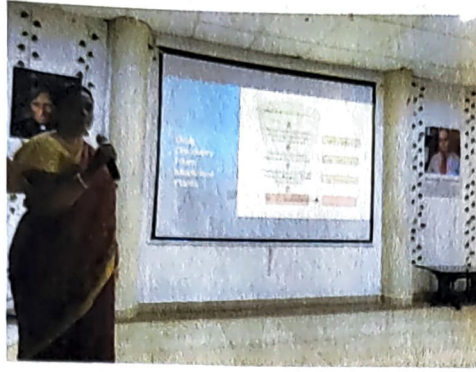

Programming in Drug Design”. Gave an elaborate interpretation of the role of SAS in the future of pharmaceuticals.

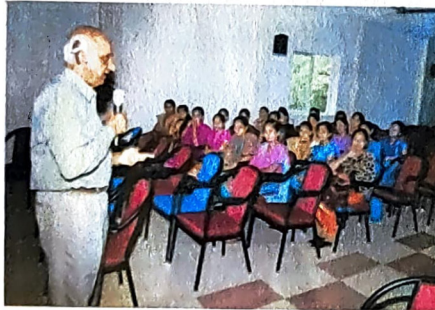

4. The resource person on Day-4 was Dr. T. P. Rao, Associate Professor, Department of Pharmaceutics and Biotechnology, KVSR SCOPS, Vijayawada. She explained “Extraction of natural gums and their applications in the field of Pharmaceutics”. He has provided an overview of herbal excipients in pharmaceutical research. He addressed the faculty to explore herbal drugs as new drug entities.

5. Dr. T. Sarala Devi, Assistant Professor, Department of Pharmaceutical Chemistry, KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada, Andhra Pradesh, India. She was a resource person on Day-5. She gave a lecture on “Unraveling plant natural chemical diversity for drug discovery purposes”. **She emphasized the scope of pharmacognosy and herbal research in the study of bioactive compounds.**

- The speaker on day 6 was Sri Venkatadri Bobba, Vice President, Pharmaceutical Manufacturing Operations at Warner Lambert Co. USA. He delivered a talk on **“Treatment of arthritis with natural products”**. He motivated the faculty to conduct research on herbal medicine. He provided an elaborate explanation of the advantages of natural products in the treatment of diseases, such as arthritis.

The FDP concluded with a valedictory session on 05-10-2019 at 04:45PM.

Program Outcomes for "Approaches in Drug Discovery and Development":

1. Comprehensive understanding of diabetes mellitus, including its overview, etiology, and diagnostic methods, enabling researchers to contribute to advancements in diabetes management.
2. Proficiency in developing mucoadhesive electrospun fibrous systems for drug delivery, facilitating the fast and sustained release of drugs and improving therapeutic outcomes.
3. Competence in utilizing SAS programming for drug design, equipping researchers with the skills to analyze and interpret complex data in the context of drug discovery.
4. Knowledge of natural gum extraction techniques and their applications in the field of pharmaceuticals, fostering innovation in drug formulation and delivery systems.
5. Ability to unravel the natural chemical diversity of plants for drug discovery purposes, enabling researchers to identify and explore bioactive compounds with therapeutic potential.
6. Understanding of the treatment of arthritis using natural products, paving the way for the development of alternative and complementary therapies for arthritis management.

One week Faculty Development Program(FDP) on RECENT ADVANCES & HYPHENATED TECHNIQUES

ORGANIZED BY
Department of Pharmaceutical Analysis

About the college & Department

Kommareddy Venkata Sadasiva Rao Siddhartha College of Pharmaceutical Sciences (KVSRS SCOPS) is a first private self-financed institution in Andhra Pradesh which was established in 1994 at Vijayawada, sponsored by Siddhartha Academy of General and Technical Education (SAGTE). Affiliated to Krishna University offering 4-year under graduate (B.Pharm) , 2 -year Post graduate (M.Pharm) 6-year Pharm D 3-year Pharm D (PB) programs. The college is approved by the All-India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI). The college was located in the middle of the city and has an excellent academic atmosphere culture and discipline with the best infrastructural facilities.

The PG Program in Pharmaceutical Analysis is approved in the academic year 2007-08. As a part of research orientation to the faculty and PG students, The Department of Pharmaceutical Analysis is organizing one -week online International Faculty Development program on Research advances and Hyphenated techniques from 22nd July to 26th July 2019 . The program emphasizes on Modern Hyphenated techniques which involves the Analysis of Pharmaceutical Products.

DAYWISE ACTIVITIES

Day 01 : 22nd July 2019

Speaker: Dr.A.Suneetha

Topic : Interpretation of Mass Spectra

This session started at 10:45 a.m. with a brief introduction to Mass Spectrometry by speaker

Dr.A.Suneetha.she also explained in-depth about interpretation of Mass spectra with some examples which makes the session more interesting and informative also.

Day 02 : 23rd July 2019

Speaker: Dr.A.Suneetha

Topic : FTIR (Instrumentation & Applications)

Dr.A.Suneetha briefly reviewed the applications of IR in many areas with examples after

describing the instrumentation and IR principles

Day 03 : 24th July 2019

Speaker: Dr.G.Devalarao

Topic : LC-MS (Instrumentation & Applications)

In the second session Dr.G.devalarao explained in detail about the instrumentation of Mass

Spectrometry and its applications in the Analysis of Various Pharmaceutical Products. He even more explained about LC-MS Hyphenated technique along with its applications in different stages of Pharmaceutical Products.

Day 04 : 25th July 2019

Speaker: Dr.Dolly Chaithanya sudha

Topic : GC-MS (Instrumentation & Pesticide Analysis)

The Speaker discussed about GC-MS in detail later she explained the methods for analysis of pesticide residue in different products. She shared some work which is relayed on this Pesticide Analysis.

Day 05 : 26th July 2019

Speaker: Mr.A.Manohar

Topic : ICPAES (Quantification of Elements in Water)

The Speaker gave brief summary of ICPAES and then he discussed procedures for quantification of different elements in water and also later he discussed about trace toxic metals detection.

PROGRAM OUTCOME

- All the participants displayed enthusiasm over FDP
- Clearly understood about principles and applications of various analytical instruments
- Discussed about recent developments in Analytical instruments
- encouraged the faculty towards analytical instruments usage for research purposes

Valedictory

Dr. G. Devala Rao, congratulated all the participants and presented overall summary of the program and appreciated the team work done by department of Pharmaceutical analysis. The speaker congratulated entire team for nice organization and successful conduction of the event. Finally participants were invited to give their feedback and they appreciated the efforts of KVSRSOPS. To conclude, Mrs. M. Vijaya Lakshmi, Associate Professor proposed the vote of thanks and FDP was concluded with National Anthem.

SKILL DEVELOPMENT PROGRAMS AND ADMINSTRATIVE TRAINING PROGRAMS

A.Y:2019-20

S.NO	TITLE OF THE PROGRAM	DATES	NO. OF PARTICIPANTS
1	Two-week Training Program on Titrimetric Analysis	02.03.2020 to 18.03.2020	09
2	Two-week Training Program on Demonstration and Maintenance of FT-IR, Handling of Disintegration Test Apparatus	03.02.2020 to 19.02.2020.	09
3	Two-week Training Program on Handling of equipment's used in size reduction process for various dosage forms and to determine the moisture content	13.12.2019 to 31.12.2019	09
4	Two-week Training Program on Physicochemical Evaluation of Crude Drugs	25.11.2019 to 11.12.2019	09
5	one week training program on "TALLY SOFTWARE"	11.11.19 to 16.11.19.	06
6	Two-week Training Program on Construction – Working of equipment & Aseptic transfer	04.11.2019 to 20.11.2019	09
7	Two-week Training Program on Evaluation tests for compressed tablets by using Disintegration Apparatus, Friability Test Apparatus & Hardness Tester	09.10.2019 to 25.10.2020	09
8	Two-week Training Program on Skill development- Skill development program on basic principles & technique of instrument calibration	03.09.2019 to 20.09.2019	08
9	Two weeks skill development program- Qualitative and quantitative analysis of organic molecules	05.08.2019 to 27.08.2019	09
10	Two-week Training Program on Hands on Training on Animal Handling & CPCSEA Guidelines	10.06.2019 to 26.06.2019	09

SCHEDULE

Total Hours: 30 hours.

Time :

Date	TOPIC	Remarks
25/11/2019	Introduction of physical parameters	
26/11/2019	Solubility.	
27/11/2019	Determination of Ash value.	
28/11/2019	Determination of Extractive value.	
29/11/2019	Acid Insoluble & water soluble ash values	
30/11/2019	Determination of PH	
2/12/2019	Determination of Moisture content	
3/12/2019	Determination of Viscosity	
4/12/2019	Introduction to chemical parameters	
5/12/2019	Tests for Alkaloids	
6/12/2019	Test for carbohydrates	
7/12/2019	Tests for Glycosides	
9/12/2019	Test for Tannins	
10/12/2019	Tests for phenols	
11/12/2019	Test for proteins

PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010

REPORT:

Tally Software:

This software is used in day-to-day business operations efficiently, useful for accounting management, inventory management, and statutory.

DAY 1:

BALANCE SHEET:

The balance sheet gives a complete glance at the financial position of the business. The balance sheet in Tally software shows the assets and liabilities of the company.

The balance sheet can be configured using the F₁₂ configuration in Tally, and offers scheduled balance sheets for business. Multiple valuation types are given for defining stock valuations such as FIFO, LIFO, average cost average price, and many more.

DAY 2:

PROFIT AND LOSS ACCOUNT:

The profit and loss report in Tally shows a company's net profit (or) loss in a given period. This Tally reports considering the period starting from the date when books begin to the entry date of the last voucher. A business owner can see scheduled profit and loss statements in a vertical format.

DAY 3:

CASH AND FUND FLOW REPORT:

The cash flow report in tally has been provided to help get a view of cash inflow and sustained for a specific period.

The fund flow report in Tally provides details on the sources of funds and their net flow status every month.

PRINCIPAL
K.V.S.R. SIDDHARTHA COLLEGE OF
PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010

DAY 4:

RATIO ANALYSIS REPORT:

It is a powerful report for financial analysis in Tally. The multiple ratios in the report give a clear understanding of the financial position of a business. This is one of the key Tally Reports.

DAY 5:

STOCK SUMMARY REPORT:

This displays the current position of stocks (or) stock in hand for a particular date. From this Tally report, a business owner can view the item-wise rate, and quantity value of stocks available. It also shows the status of stocks available across various godowns. The stock summary report in Tally also enables business owners to view the gross profit for each item based on landing cost and sales price.

DAY 6:

STOCK AGEING ANALYSIS REPORT:

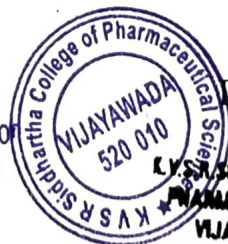

This report in Tally helps business understand their slow-moving goods versus fast-moving goods. This Tally report helps business owners to make decisions based on the procurement of stocks (or) whether to liquidate stocks based on their age. Business owners can see stock valuations as well from within this report.

PROGRAM OUTCOMES:

- ✓ The software helps the accountants in the college to work more efficiently in less time.

Helps the account section of the college to store the data easily and refer to the previous data easily.
