FACULTY DEVELOPMENT PROGRAM REPORT (AY:2018-2019)

Name of the Event: Faculty Development Program

Title: Emerging trends in pharmacology from research to Revenue

Date: 29.04.2019 to 04.05.2019

Resource persons:

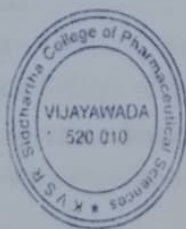

1. Prof.Prasad V Bharatam, Professor, NIPER, Punjab, India
2. Dr. Sanka Srinivasa Rao, Manager, Hetero Drugs, Hyderabad, Telangana.
3. Dr.G.Devala Rao, Principal, KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada.
4. Dr.K.Naveen Babu, Professor, Department of Pharmaceutics & Biotechnology, KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada
5. Dr. G.Vijaya Kumar, HoD, Professor, KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada.
6. Dr.J.Madhava Reddy, Department of Pharmacology, Jagans College of Pharmacy, Nellore.

Name of the Program Director: Dr.G.Devala Rao, Principal, KVSRSOCPS

Organizing Secretary: Dr. G.Vijaya Kumar, Professor, KVSRSOCPS

Number of registered participants: 17

Venue: KVSR Siddhartha College of Pharmaceutical Sciences, Seminar Hall.

A handwritten signature in blue ink, appearing to be "G. Devala Rao".

PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010

The program was inaugurated on 29-04-2019 with a prayer song.

This was followed by a brief note by the principal and guest of Honor, Prof. Prasad V Bharatam.

1. The eminent speaker on Day 1 was **Prof. Prasad V Bharatam**, Professor, NIPER, Punjab, India. He delivered a talk on the topic "**GSK-3 β Inhibitors: Design, Synthesis and Biology.**" He elaborated various natural and synthetic compounds used in GSK-3 β inhibitors and their therapeutic applications.
2. The Resource person for Day 2 session was **Sri. Sanka Srinivasa Rao**, Manager, Clinical Research, Hetero Drugs, Telangana. He delivered a talk on "**Use of Softwares in Clinical Data Management.**" He explained and demonstrated the various software useful in Pharmacovigilance and clarified the differences between different versions.
3. Day 3 session was graced by **Dr. G.Devala Rao**, Principal, KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada, Andhra Pradesh, India. He delivered a talk on "Method Development and Validation on HPLC. He elaborately explained the selection of solvent, Column and method optimization.
4. The Resource person for Day 4 session was **Dr. Naveen Babu Kilaru**, Professor, Department of Pharmaceutics and Biotechnology, KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada, Andhra Pradesh, India. He delivered a talk on "**Use of eEnzyme Inhibitors as Drugs**" He explained the enzyme Inhibitors from microbial source which can modify biological mechanisms.
5. Day 5 session was chaired by Dr. G.Vijay Kumar, HoD, Professor, KVSR Siddhartha College of Pharmaceutical Sciences, Vijayawada, Andhra Pradesh, India. He delivered a talk on "**CPCSEA Guidelines to Conduct Experiments on Animal**" and suggested the faculty to follow Replace, Reduce, Refine and Reuse of animals.
6. The eminent speaker for Day- 6 was Dr. J. Madhava Reddy, Professor, HoD, Dept. of Pharmacology, Jagans College of Pharmacy, Nellore, Andhra Pradesh, India. His topic was "**Entrepreneurship in Pharmacy**". He explained the need of encouraging students towards entrepreneurship and shown various examples.

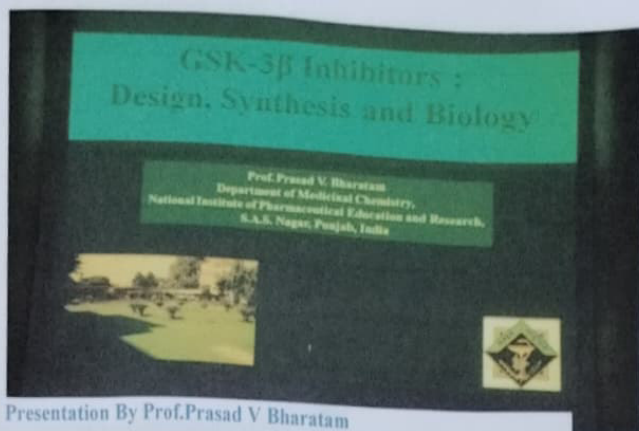

To conclude this one-week FDP, a valedictory session was organized on 04.05.2019 at 04:00PM.

One Week Faculty Development Program on Recent Trends in Particulate Drug Delivery Systems

Organized by
Department of Pharmaceutics and Biotechnology
(21st March to 26th March 2019)

About the College & Department

Kommareddy Venkata Sadasiva Rao Siddhartha College of Pharmaceutical Sciences (KVSr SCOPS) is a first private self-financed institution in Andhra Pradesh which was established in 1994 at Vijayawada, sponsored by Siddhartha Academy of General and Technical Education (SAGTE). Affiliated to Krishna University offering 4-year under graduate (B.Pharm), 2year Post graduate (M.Pharm), 6 year Pharm D & 3year Pharm D (PB) programs. The college is approved by the All-India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI). The college is located the middle of the city and has an excellent academic atmosphere, culture and discipline with the best infrastructural facilities.

Department of Pharmaceutics and Biotechnology is organizing one-week Faculty Development Program on **Recent Trends in Particulate Drug Delivery Systems** from 21st March to 26th March 2019. The program emphasizes on recent and current trends in particulate drug delivery systems.

Program Objectives

- To know about various types of particulate drug delivery systems
- To know about preparation of various types of particulate drug delivery systems
- To understand various evaluation techniques of particulate drug delivery system.
- To understand the applications of particulate drug delivery systems in drug delivery
- To encourage faculty towards R & D for formulation of particulate drug delivery system for the

INTRODUCTION

The Post graduate program in Pharmaceutics is approved in the academic year 2007-08 and the Department officially framed during 2017-18. As a part of the research orientation to the faculty and PG students, the Department of Pharmaceutics organized one week faculty development program on Recent Trends in Particulate Drug Delivery Systems from 21st to 26th March 2019. The program emphasizes on formulation, preparation, evaluation and novel applications of particulate drug delivery systems. The FDP is aimed for the faculty members, Research scholars and post graduate students to direct their research and development towards particulate drug delivery systems for better optimization of drug delivery.

OBJECTIVES

- To know the various types of particulate drug delivery systems
- To know the preparation of various types of particulate drug delivery systems
- To understand various evaluation techniques of particulate drug delivery system.
- To understand the applications of particulate drug delivery systems in drug delivery
- To encourage faculty towards R & D for the formulation of particulate drug delivery system for the benefit of society

VIJAYAWADA-520 010

PROGRAM DETAILS

FDP is the main ingredient traits to enhance professional education and competence. Enriching the faculty vitality in key domains of teaching, assessing, research, professionalism and administration is perceived to improve educational environment significantly and enhances the academic performance of learners. Department of Pharmaceutics one faculty development program on Recent Trends in Particulate Drug Delivery Systems from 21st to 26th March 2019.

In this event 30 participants who actively participated from Andhra and Telengana Pharmacy colleges. FDP intends to provide self reliance assistance to facilitate up gradation of knowledge, skill and intends to provide opportunities for induction training to teachers, research scholars and post graduate students in Pharmaceutics

The first day started with the inauguration session, and prayer, and then after Dr. Buchi N Nalluri, welcomed all the participants and the speakers.

The key note address was given by **Dr. G. Devala Rao**, Principal and HoD and he welcomed the speaker to the program and insisted all the participants to learn as much as they can from this FDP and convey the message to their students- the future pharmacists.

Day 1: 21-3-2019

Time: 10:30AM to 12.00 PM

Speaker: Prof. K. Anil K Suresh

Topic: Nano medicine: Applications of Engineered Nanoparticles

The session started at 10:30 am with a brief introduction of speaker by Dr. Buchi Nalluri. **Prof. K. Anil K Suresh** explained about various techniques, methods and applications of Engineered Nanoparticle. He emphasized on importance and need of engineered nanoparticles in drug delivery. He also described about his research being carried at his department. The whole session was very interesting because of clear, simple and effective explanation.

Day 2 : 22-3-2019

Speaker : Dr. Narendra Reddy

Time : 10:30Am to 12.00 Noon

Topic : Novel Targeted Carrier drug Mediated drug delivery System

On the second day, **Dr. Narendra Reddy** explained about the Novel Targeted Carrier drug Mediated drug delivery System. He highlighted about different techniques, problems faced by the in formulation and preparation and how to overcome them. Also, Sir covered about latest techniques with

examples and citations and suggested to do with carrier mediated systems. He also expressed her gratitude of thankfulness towards our HoD and college for selecting this topic.

Day 3: 23-3-2019

Speaker: Dr. Srinivas L

Time: 10:30 AM to 12.00 PM

Topic: Design and Development of Liposomal Buccal Drug Delivery Systems

Speaker gave introduction about the need of liposomes in buccal drug delivery system. He described in detail about techniques for the preparation of liposomes, problems faced during formulation and preparation and evaluation of liposomal buccal drug delivery systems.

Day 4: 24-3-2019

Speaker : Dr. G. Ramanaiah

Time :10:30am to 12:00 Noon

Topic : Role of Qbd Approach in Formulation Development of Particulate Drug Delivery Systems

Speaker explained about the Basic concepts of Qbd, parameters to be analyzed and their purpose, reminded about need of Qbd process, application of Qbd approach in formulation of particulate drug delivery systems. Participants clarified their doubts regarding the application of Qbd Approach in formulation development.

Day 5: 25-3-2019

Speaker : Dr.Suri B Jammula

Topic Particulate systems in Drug Delivery- Industrial Perspective

Time: 10:30 AM to 12.00 PM

Dr.Suri B Jammula discussed about formulation, preparation, applications and evaluation of particulate drug delivery systems in industrial perspective. Sir enlightened about various techniques and precautions taken in the industry during the preparation of particulate drug delivery systems.

Day 6: 26-3-2019

Speaker: Dr. V. Vamsi Krishna

Topic: Particulate Drug Delivery System in cancer therapy

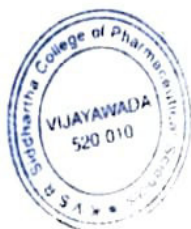

Time: 10:30 AM to 12.00 AM

Dr. V. Vamsi Krishna shared about his vast experience and highlighted the techniques available for the preparation of Particulate Drug Delivery System for cancer therapy. He discussed in details about various projects taken by him regarding the particulate drug delivery system.

Valedictory

Dr. G. Devala Rao, congratulated all the participants and presented overall summary of the program. Dr. G.Ramanaiah appreciated the team work done by department of pharmaceutics and biotechnology. The speaker congratulated entire team for nice organization and successful conduction of the event. Finally participants were invited to give their feedback and they appreciated the efforts of KVSRSOCPS. To conclude, Dr. Buchi N Nalluri, Professor proposed the vote of thanks and FDP was concluded with National Anthem.

PROGRAM OUTCOME

- All the participants displayed enthusiasm over FDP
- 30 Participants participated in this program.
- Clearly understood about various advancements of Particulate Drug Delivery Systems
- Encouraged the faculty towards R&D for commercialization purpose to the benefit of our society.
- Speakers agreed to visit the college for the next session also.

[KVSRSOCS/ACD/CIR//2019]

All the staff and students are pleased to invite you to a one-week Faculty Development Program (FDP) on "TRANSLATION OF TRADITIONAL KNOWLEDGE TO INNOVATIVE RESEARCH" organized by the Department of Pharmacognosy. The FDP will be held from 4th February 2019 to 9th February 2019 at the KVSRSOCS Seminar Hall.

This program aims to provide valuable insights into the transformation of traditional knowledge into innovative research within the field of Pharmacognosy. We encourage all staff and students to actively participate and take advantage of this opportunity to enhance their understanding and knowledge in this area.

 "Translation of Traditional Knowledge to
 Innovative research"
 (4th-9th February 2019)

ABOUT THE COLLEGE

KVSr Siddhartha College of Pharmaceutical Sciences (KVSr SCOPS) was inception during the academic year 1993-94 and it is the first private pharmacy college started in the state of Andhra Pradesh. The college is sponsored by Siddhartha Academy of General & Technical Education (SAGTE), Vijayawada, Which is a visionary society running several institutions. The wide range of institutions run by SAGTE includes Medical, Dental, Pharmacy, Nursing, Engineering, Education, Management, Law and Arts. The college is affiliated to Krishna University, Machilipatnam and approved by AICTE and PCI, New Delhi providing the pharmacy education and training in B. Pharm, M. Pharm, Pharm. D and Pharm. D (PB) courses. The College campus is located in the heart of Vijayawada city with all advanced amenities. KVSr SCOPS is committed to the education of pharmacists of the highest ethical and professional standards. The college has excellent academic atmosphere, culture and discipline with the best infrastructural facilities such as state of the art building, laboratories, library facilities, student hostel for boys and girls, playground etc.

Objectives

- To furnish the knowledge of traditional herbal drugs
- To accomplish new molecules by advanced technology
- To develop the research centric rationality

FACULTY DEVELOPMENT PROGRAM REPORT (AY:2018-2019)

Name of the event: Faculty Development Program on “Translation of Traditional Knowledge to Innovative Research”

Date: 04-02-2019 to 09-02-2019

Resource persons:

1. Dr. Alluri V Krishnam Raju, Principal Scientist, Laila Nutraceuticals, Vijayawada
2. Dr. V. Karuna Sree, Associate Professor, HoD, Department of Pharmacognosy, KVSr Siddhartha College of Pharmaceutical Sciences, Vijayawada,
3. Dr. Chandrasekhar Rao Jampani, Senior Faculty, Department of Botany, Andhra Loyola College, Vijayawada
4. Dr. Nelluri Kanaka Durga Devi, Associate Professor, Department of Pharmaceutics and Biotechnology, KVSr Siddhartha College of Pharmaceutical Sciences, Vijayawada.
5. Dr. D S N B K Prasanth, Associate Professor, Department of Pharmacognosy, K L College of Pharmacy, K L Deemed to be University, Vaddeswaram, Guntur, Andhra Pradesh.

Name of the Program Director: Dr.G.Devala Rao, Principal, KVSrSCOPS

Organizing Secretary: Dr.V.KarunaSree, HoD, Department of Pharmacognosy, KVSrSCOPS

Number of registered participants: 29

Venue: KVSr Siddhartha College of Pharmaceutical Sciences, Seminar Hall.

PRINCIPAL

PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010.

The program was inaugurated on 04-02-2019, with a prayer song. This was followed by a brief note by the principal and HoD.

1. The Resource person for day 1 session was Dr Alluri V Krishnam Raju, Principal Scientist, Laila Nutraceuticals, Vijayawada. He delivered a talk on **“Screening Methodologies on Hepatoprotectives”** He elaborated the process of screening compounds and emphasized on ways of making the screening methodology faster, more effective and less expensive.

2. The scientific session on day 2 was chaired by Dr. V, Karuna Sree, Associate Professor, HoD, Department of Pharmacognosy, KVSRSOCS, and Vijayawada. She delivered a talk on “Bioactivity-guided fractionation for the discovery of Drug Leads”. She highlighted bioactive molecular networking to identify candidate active molecules directly from the fractionated bioactive extracts.

PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010

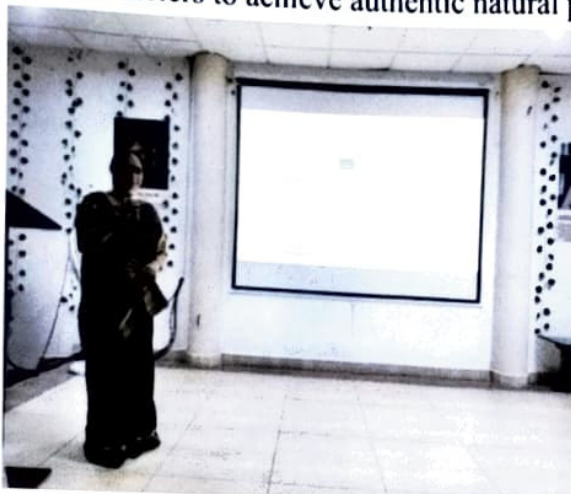

3. The eminent speaker for Day- 3 was Dr Chandrasekhar Rao Jampani, Senior Faculty, Department of Botany, Andhra Loyola College, Vijayawada. He delivered a talk on the topic "Pharmaceuticals from PhyKos." Gave an elaborate interpretation of the future of phytopharmaceuticals as having a very bright future in terms of commercial viability.

4. The resource person for Day-4 was Dr. Nelluri Kanaka Durga Devi, Associate Professor, Department of Pharmaceutics and Biotechnology, KVSR SCOPS, and Vijayawada. She explained “Exploration of Herbal Transdermal Patches and its Applications. She stressed the importance of research on novel nanocarriers to achieve authentic natural products.

5. Dr. D S N B K Prasanth, Associate Professor, Department of Pharmacognosy, K L College of Pharmacy, K L Deemed to be University, Vaddeswaram, Guntur, Andhra Pradesh was the resource person for Day-5. He gave a lecture on “**Network Pharmacology Studies on Bioactive Compounds from Medicinal Plants**”. He emphasized the role of network pharmacology in the study of bioactive compounds and the actions and mechanisms of natural products for the treatment of various diseases due to their multi-component, multi-target, and lower side effects.

The FDP concluded with a valedictory session on 08-02-2018 at 12:45PM.

Program Outcomes for "Translation of Traditional Knowledge to Innovative Research":

1. Proficiency in screening methodologies for hepatoprotectives, equipping researchers with the skills to identify and evaluate potential therapeutic agents for liver health.
2. Expertise in bioactivity-guided fractionation techniques, enabling researchers to isolate and identify drug leads from natural sources based on their bioactive properties.
3. Understanding of the pharmaceutical potential of phykos (seaweed), fostering research on novel pharmaceuticals derived from marine sources.
4. Exploration of herbal transdermal patches and their diverse applications, fostering innovation in drug delivery systems and enhancing the understanding of their efficacy and safety.
5. Competence in network pharmacology studies, allowing researchers to investigate the interactions between bioactive compounds from medicinal plants and their targets within biological networks, facilitating the discovery of new therapeutic approaches and drug combinations.

Faculty Development Program on CADD Tools in Drug Design and Discovery.

Organized by
Department of Pharmaceutical Chemistry
(6th December to 10th December 2018)

About the College & Department

Kommareddy Venkata Sadasiva Rao Siddhartha College of Pharmaceutical Sciences (KVSr SCOPS) is a first private self-financed institution in Andhra Pradesh which was established in 1994 at Vijayawada, sponsored by Siddhartha Academy of General and Technical Education (SAGTE). Affiliated to Krishna University offering 4-year under graduate (B.Pharm), 2-year Post graduate (M.Pharm), 6-year Pharm.D & 3-year Pharm.D (PB) programs. The college is approved by the All India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI). The college is located in the middle of the city and has an excellent academic atmosphere, culture and discipline with the best infrastructural facilities.

Department of Pharmaceutical Chemistry is organizing Faculty Development Program on "CADD Tools in Drug Design and Discovery" from 6th December to 10th December 2018. The program emphasizes on recent and current software tools involved in drug design and discovery.

Program Objective:

- To understand the importance of CADD tools in drug design and its development
- To enlist the tools used to screen, optimize and evaluate the activity of the compound against the target.
- To understand CADD as a multi-disciplinary approach for both academic and major pharmaceutical companies for better efficacy with no/fewer side effects

Day wise activities

Day 01 :

Speaker: Dr. T. Venkateswara Rao, Ph.D, Director (Research), Varsha Bioscience and technology India Pvt Ltd. Hyderabad

The session started at 10:30 am with a brief introduction of speaker by Dr. B. Anupama. Dr. G. Devalarao, Principal, KVSRSOOPS gave an inaugurated the session. The speaker mainly covered the principles of CADD and how they are used in various sectors. The entire lesson was really fun due to the effective use of simple, clear explanation.

Day 02 : On the second day, Sir spoke about the application of CADD in the pharmaceutical sector. He differentiated between direct and indirect tools used in CADD.

Day 03 :

Sir went into detail about the various tools and methods used in computer-aided drug design (CADD), which helps during the different stages of drug design and so cuts down on the price of drug research and development time. Drug research and development is a protracted, expensive, dangerous, and expensive process that is unmatched in the business world

Day 04 :

Sir explained the importance of CADD tools in characterizing the product, delivery, packaging, and formulation development, drug disposal and pharmacokinetics, a preliminary toxicology test and an in duplication, clinical studies; Bioanalytical tests.

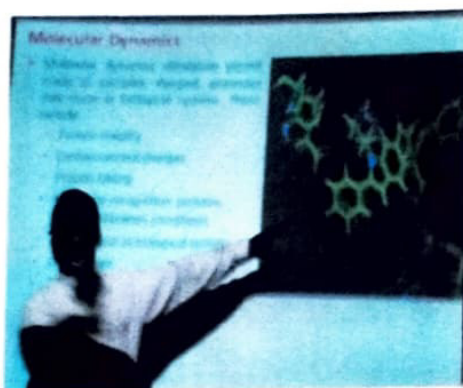

Day 05 :

Sir briefly explained the two types of drug design Ligand-based drug design (LBDD) and Structure-based drug design (SBDD). The speaker spoke extensively on the possible uses of CADD and its benefits for social well-being. He places emphasis on steps involved in drug discovery. The programme ended with valedictory function.

PROGRAM OUTCOME

All of the participants were enthusiastic about the FDP, and they all understood the need to review and record the information created by academic forebears and critically evaluate the pertinent technological difficulties. Create pertinent research topics, carry out experimental or analytical research, and then analyse the findings using current mathematical and scientific techniques and software tools. For the practical implementation of their work, they must design and validate technology solutions to specified challenges.

DAYWISE REPORT

DAY 1:

The one week faculty training program on pharmacotherapeutic approaches of endocrine disorders was inaugurated by a inaugural speech by Dr. G. Devalrao in which he spoke about his personal experiences in pharmacy field . following his speech there was jyothiprajwalana by Dr. G Devalarao, and HOD'S of all departments. Immediately after the inaugural the session was taken over by Dr. G . Vijaykumar. He has given basic information about DM how it changes a lifestyle of common man, its risk factors and how pharmacological therapy changes the treatment outcomes . After lunch there was an interactive session with the participants and oral quiz was conducted immediately after the interaction. Few participants also shared their views regarding the treatment approaches and after that day 1 session was closed.

DAY 2:

Day 2 was started by our eminent speaker Dr.G .Vijaykumar who had given us vast information on oral hypoglycemics . He also described about how action different drugs vary based on their pharmacodynamics and pharmacokinetics .Like how Sulfonylureas differ mainly in their potency & their duration of action and also added thatthose drugs with longer half-lives (particularly chlorpropamide, glyburide, and glimepiride) can be given once daily and how this benefit may be counterbalanced by a substantially increased risk of hypoglycemia. After lunch there was interaction with the participants and it also gave a platform to share everyone's views with each other.

DAY 3:

Day 3 was a provoking session by Dr. P. RavindraBabu in which he shared about the how important is the non pharmacological treatment for endocrine disorders is as pharmacological treatment. He also shared about basic non pharmacological treatments and home remedies that can be done without experts supervision .In the afternoon session there was a quiz in which the question was displayed as a image of simple ingredient used for home measures that explained in the morning session and the teachers are allowed to discuss about it in their point of view of treatment.

PRINCIPAL
K.V.S.R. SIDDHARTHA COLLEGE OF
PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010.

Day 4 session was about how to administer insulin accurately in an hospital setting and how important it is to administer it properly in order avoid to administration mistakes. He also shared his views about how he had encountered various adverse reactions due to improper administration of insulin. He also shared about how to adjust the dose of insulin and also added that how there are occurrence of various ADRs due to improper insulin dosage. In the afternoon session there was interaction with the teachers about the cases that they have encountered during their day to day life.

DAY 5:

Day 5 session was all about therapeutic treatment approaches for hypoglycaemia and hyperglycaemia . she also added a note on how fluid intake plays a major role in the management of glycaemic conditions .

DAY 6:

Day 6 session was initiated by Dr. A. Sirisha who enlightened about the HRT after menopause . she also highlighted about the importance of HRT and how it plays a major role in the management of menopausal symptoms in woman .She also mentioned about the precautions to be taken when recommended for long term. She also mentioned about the benefit and risk ratio on regular usage of hormone replacement therapy.

VIJAYAWADA-520 010

- Chief Patron: Sri Nalluri Venkateswarulu, President SAGTE
- Patron: Sri. P. Lakshmana Rao, Secretary, SAGTE
- Convener: : Dr. C. Nageswara Rao, Convener, KVSr SCOPS
- Program Director: Dr. G. Devala Rao, Principal, HoD KVSr SCOPS
- Organizing Secretary: Dr. M.Vijaya Lakshmi Associate Professor , kVSr SCOPS

Objectives of Program

1. To increase process capability and reduce product variability and defects by enhancing product and process design, understanding, and control
2. Make to understand guidelines and applications for QbD
3. To discuss about recent developments in QbD
4. To encourage faculty towards QbD to benefit of our society

Schedule of the Program

Date	Speaker	Topic
27/08/2018	Dr.Kastur reddy MD Maore Labs,Hyd.	HPLC quantification of Dolutegravir by AQbD Approach - CCD
28/08/2018	Dr.Madhusudhan Reddy Induri,Associate Professor, KVSR SCOPS	QbD & Regulatory aspects of product development, ICH processes Q8,Q9,Q10
29/08/2018	Dr.M.Bhagavan Raju Professor & Principal,Sri Venkateswara Collge of Pharmacy ,Madhapur,Hyderabad,TS	Guidance for Robustness/Ruggedness' in method validation
30/08/2018	Dr.A.Suneetha,HoD,Department of Pharmaceutical Analysis,Hindu college of Pharmacy	Introduction To design of Experiments
31/08/2018	Dr.P.Selvam,President,Anti viral society,Chennai,tamil nadu	Analytical QbD strategies

PHARMACEUTICAL SCIENCES
VIJAYAWADA-520 010.

DAYWISE ACTIVITIES

Day 01 : 27th August 2018

Speaker: Dr.Kastur reddy MD Maore Labs,Hyd.

Topic : HPLC quantification of Dolutegravir by AQBd Approach – CCD

The session started at 10:30 am with a brief introduction of speaker by Dr. M.vijayalakshmi. Dr.Kastur reddy gave an introduction to QbD. The speaker mainly covered the principles of QbD and how they are applied in the pharmaceutical industry. He mainly spoke about Dolutegravir Quantification using AQBd. The workshop was quite entertaining as a result of the clear explanation.

Day 02 : 28th August 2018

Speaker: Dr.Madhusudhan Reddy Induri

Topic : QbD & Regulatory aspects of product development, ICH processes Q8, Q9, Q10

Dr.Madhusudhan Reddy discussed about Qbd processes and its aspects in the development of Pharmaceutical Product. Sir also discussed ICH guidelines regarding Qbd and he highlighted about Q8, Q9, and Q10.

Day 03 : 29th August 2018

Speaker : Dr.M.Bhagavan Raju Professor & Principal,Sri Venkateswara Collge of Pharmacy , Madhapur,Hyderabad,TS

Topic : Guidance for Robustness/Ruggedness' in method validation

The speaker discussed the parameters that must be checked for the validation of a new technique as well as robustness and ruggedness in method validation. He gave some examples and provided clear explanations

Day 04 : 30th August 2018

Speaker: Dr.A.Suneetha,HoD,Department of Pharmaceutical Analysis,Hindu college of Pharmacy.

Topic : Introduction to design of Experiments

The speaker discussed both the most recent cutting-edge analytical techniques and the foundational concepts in the analytical field. In addition, she gave a succinct overview of experiments design.

Day 05 : 31th August 2018

Speaker: Dr.P.Selvam,President,Anti viral society,Chennai,tamil nadu

Topic : Analytical QbD strategies

Sir spoke extensively about QbD and its analytical field tactics. Additionally, he emphasized the Numerous Analytical applications

PROGRAM OUTCOME

- All the participants displayed enthusiasm over FDP
- Clearly understood about principles and applications of QbD
- Clearly understood about the QbD in Pharma sector and its scope
- Knowledge Was gained about the Analytical methods using QbD Designs
- Encouraged the faculty towards QbD designs purpose to the benefit of our society.

Valedictory

Dr. G. Devala Rao, congratulated all the participants and presented overall summary of the program and appreciated the team work done by department of Pharmaceutical analysis. The speaker congratulated entire team for nice organization and successful conduction of the event. Finally participants were invited to give their feedback and they appreciated the efforts of KVSRSOCPS. To conclude, Mrs. M.Vijaya Lakshmi, Associate Professor proposed the vote of thanks and FDP was concluded with National Anthem.

EVENT SHEET

1. Topic / Area / Instrument / Equipment : Evaluation of Herbal drugs. [Muffle furnace.
2. Date and Time : 5/03/2019 to 21/3/2019.
3. Organized by : Dept. of pharmacognosy.
4. Objectives : 1. Identification of the plant material ② Determination of the purity ③ Quality control
④ Consistency in production ⑤ Safety and Efficacy
⑥ Regulatory Compliance.
5. No. of hours trained : 30 hours.
6. Name of the Trainer(S) with Signature : Dr. V. Kavuna sree 
7. Name and Signature of Lab technicians trained
 1. V. Indumati  V. Indumathi
 2. S. Hari Kumari  S. Hari Kumari
 3. M. Sailaja  M. Sailaja
 4. V. Sridevi  V. Sridevi

SCHEDULE

Time : 12 Noon.

Total Hours: 30 hours

Date	TOPIC	Remarks
5/03/2019	Introduction of Herbal drugs	
6/03/2019	Different Standardisation Methods.	
7/03/2019	Macroscopic Evaluation.	
8/03/2019	Macroscopic Evaluation	
9/03/2019	Microscopical Evaluation	
11/03/2019	Determination of Leaf constituents	
12/03/2019	Determination of Stomatal Number	
13/3/2019	Determination of Stomatal Index	
14/3/2019	Determination of vein Islet & Vein Termination	
15/3/2019	Determination of physical Evaluation	
16/3/2019	Determination of Extractive values	
18/3/2019	Determination of Ash values	
19/3/2019	Determination of Moisture content	
20/3/2019	Chemical Evaluation	
21/3/2019	phytochemical screening

REPORT:

- ✦ Day one was about basic concepts of computerized accounting.
- ✦ Day two session was about Comparison between Manual and Computerised Accounting.
- ✦ Day three session was about Advantages of Computerised Accounting System.
- ✦ Day four session was about Limitations of Computerised Accounting System.
- ✦ Day five session was about Sourcing of Accounting Software
- ✦ Day six session was about Sourcing of Accounting Software.

PROGRAM OUTCOMES:

- define a computerised accounting system;
- distinguish between a manual and computerised accounting system;
- highlight the advantages and limitations of computerised accounting system; and
- state the sourcing of a computerised accounting system.
