The Mission of SPIIC

The Mission of SPIIC is:

"Develop institutional mechanism to create entrepreneurial to foster growth of innovation and entrepreneurship amongst the stakeholders"

SPIIC

- Due to the prominence of the Vijayawada-Guntur urban region as the capital of the new state and the identification of the Nandigama region as the corridor for pharma and biotech industries, substantial business ventures are anticipated to be opened in this region.
- The concept of an incubation facility is **beneficial to both nurture new companies in the region and support the training (skill development) and gainful employment of college students**. Such a concept has been successfully used to promote trade, development and education and is standard practice in many advanced countries.

CONCEPT OF SPIIC

Business Incubation & Graduation Cycle

SPIIC

- For the first time in Andhra Pradesh, a Pharma Innovation and Incubation Centre (5,000 sq. ft) at KVSRR Siddhartha College of Pharmaceutical Sciences was established under the management of Siddhartha Academy, Vijayawada.
- Innovation centre is equipped with air conditioned research labs, office and conference room spaces.
- Also, the incubatees will be provided with common work spaces like Air conditioned seminar hall and other basic amenities.
- The major aim of this pharma innovation and incubation centre is to encourage the stakeholders with innovative ideas and develop these ideas into commercial products and bridging the gap between Industry and Academia. **At the same time support will be given to protect the ideas of the students and scientists as patents.**
